Good afternoon, Pat.

Teresa asked me to respond to your email since she is out of the office until Thursday. I can not find an approved site plan that shows the DO NOT ENTER sign per our standard right in/right out drive details. Could you please install a DO NOT ENTER sign in the concrete median island so that the sign faces Cin-Day Road? Thank you.

Dear Teresa,

I am receipt of your August 11th letter regarding the aforementioned site. I have attached the site plan that was submitted for permitting. It doesn't show a "Do Not Enter" sign on it. Perhaps I don't have a subsequent site plan that was approved during permitting. Will you please provide me with documentation showing where it was required to put in the "do not enter" sign. If it doesn't exist please indicate that you are asking us to install a "do Not enter" sign.

Please call me if you have any questions.

Sincerely,

Pat Gilligan
