Good Afternoon,

We have our engineer working on the addressing for this area. As soon as he is finished with it, I will get you the information as soon as possible.
Thanks for being patient on all of this.

Have a wonderful evening!

Angie McIntosh

Hi Eric,

I wanted to follow up on addressing assignments for Springs at West Chester. Have you had a chance to finalize the numbering?

Thank you,

Kelly Koenig

Kelly,

I received your message concerning building addresses for the above mentioned development. We also received the plat earlier this morning from the Planning Department.

Based on what I've skimmed through so far I don't think addressing will be an issue. Angie & I will get together upon her return Monday.

Once we confer, we should be able to assign addressing.

Sincerely,

Eric J. Pottenger
