To the Honorable the Board of Commissioners for the County of Butler in the State of Ohio at their next Session to be holden in Hamilton on the first Monday of March 1843. We James McBride George R Bigham and Joseph Lashorn freeholders of the County of Butler in the State of Ohio appointed by your honorable Board at your Session held in December last to View Survey and mark the road of a proposed County road or highway Commencing at or near the North West corner of the land of John Curry in Fairfield township in said County near a brick School house thence eastwardly so as to run between the lands of Robert Rosencrantz and John Ayres deceased on the township line between the townships of Union and Liberty thence eastwardly on said township line so as to intersect the Cincinnati Dayton and Franklin turnpike road at a point between Sections nineteen and twenty four in said townships of Union and Liberty at or near said township lines as by the said order will more fully appear

Report that they met at the Office of Richard Easton esquire in the town of Hamilton on the fourth day of January one thousand eight hundred and forty three being within five days from the time of meeting as appointed in your order above referred to and each took an oath before said Richard Easton Esqr. one of the Justices assigned to keep the peace within and for the said County of Butler faithfully and impartially to discharge the duties of their said appointment as Viewers of said road respectively as required by law. Whereupon the said viewers then adjourned to meet again at the house of James McBride in Hamilton on the first day of February thence next Wednesday February first 1843

James McBride George R Bigham and Joseph Lashorn Viewers of the road above mentioned met at the house of James McBride in Hamilton and in Consequence of the inclemency of the Weather again adjourned to meet at the Store of Messrs Bigham and Wilson in Hamilton on the twenty first day of February instant at 8 o'Clock A.M. Thursday February twenty first One thousand eight hundred and forty three 8 o'Clock A.M. James McBride George R Bigham and Joseph Lashorn Viewers as aforesaid met at the Store of Messrs Bigham and Wilson in the town of Hamilton agreeably to adjournment and having taken to our assistance Ludwick Baby Esqr. the Surveyor appointed by your order above mentioned once also

two other trust worthy persons as chainmen and one suitable person as marker proceeded to the North West corner of the lands of John Curry in the township of Fairfield near the brick School house and from a Stake set in the centre of the road leading from Hamilton to Chester near the proceeded on the twenty third twenty fourth and twenty fifth days of February to view Survey mark and Monument the rout of said proposed road proceeding in an eastwardly direction from the place of beginning and passing on the line between the townships of Liberty and Union on the South line line of lands formerly owned by the late John Sykes deceased and on the line of the lands of Robert Rosengrantz and continuing on and near said township line in an easterly direction to the centre of the great Miami turnpike road at a point where the line between the townships of Liberty and Union the same, which said proposed road we have caused to be marked and monumented throughout as by the Map and field notes of the Survey of said road hereunto annexed and herewith returned will more fully and at large appear. The viewers aforesaid would further report that the Country which said proposed road has been located and Surveyed is a region of good land and as dense by populated as most parts of the County of Butler the inhabitants living along the line have no road to travel to the County Seat or to transport the product of their farms to a market without travelling one mile either North or South and passing through the lands of other persons which cannot in all cases be effected without considerable difficulty the grounds on which the road has been located is generally good level and good ground for a road; the only exceptions are in the vicinity of Pleasant run and Gregories creek where a few hills and ravines intervene but the viewers are of opinion that at a reasonable expense a good road can be made suitable for the passage of all ordinary travel which may be required and having taken into consideration the utility convenience and inconvenience and expence which will result to individuals as well as to the public if such road shall be established and opened agreeably to the Survey herewith returned would recommend that the same may be established and opened as public highway of the County of Butler — In testimony whereof we have hereunto signed our names the twenty eighth day of February 1843

Remonstrance

John Woods and Luly object to the Establishment of the road as surveyed Commencing near the corner of Sections No 25. 30. 31. 36 on the road from Hamilton to Chester for the following reasons 1st Said road is not necessary for the public convenience. 2nd " The Surveyor and Freeholders did not Meet upon the day Specified in the order for the Survey and View of said road Nor within five thereafter. 3rd " No notice was given to the parties interested in said road of the time and place of Meeting of said Freeholders. 4th " Because said Survey and report and the proceedings of said Freeholders are erroneous and in other respects illegal.

Therefore said John Woods and John Luly pray that said report and proceedings may be set aside &c June 6th 1843. John Woods Attorney

A Petition for Review of a Road — To the honorable the Commissioners of Butler County — the petition of divers inhabitants of the Townships of Union and Liberty in the said County Sheweth that a road hath been lately laid out by order of the Commissioners "Commencing at the corner of John Curry's land east of Hamilton and near the brick School house on the Hamilton and Deerfield road running east along or near the Military Line till it comes to the Dayton turnpike road between the farms occupied by Isaac Rose and Mary Sharp. — Which road if opened by your order will be injurious to your petitioners and burdensome to the inhabitants of the townships through which the same runs. Your petitioners therefore pray your honors to appoint proper persons to Review said road and part adjacent and make report to the Commissioners according to law and they will pray &c

Record of Roads

Said Daniel Pecock Nicholas Curtis John Culey and others being the petitioners for the Review of said road come and move to Set aside said Review and the proceedings on the petition for said road object to the establishment of said road for the following reasons 1st Because said road is unnecessary, other roads being established both on the North and South of said road running parallel thereto through the same neighbourhood and within one mile thereof. 2nd Because said road as located cannot be made a good road without the expenditure of a large amount of money and labor which are far beyond the means of the District the Township or the County. 3rd Because the Order to said Reviewers is illegal and required said Viewers to review said road for as the petition the law requires the reviewers to examine the rout surveyed for said road by the former Viewers and not the rout as stated in the petitions. 4th Because said Reviewers have not reported that the road as surveyed by the former Viewers would be of public advantage nor have said Viewers reported any reasons for or against the establishment of said road 5th Because said report is uncertain and indefinite it does not appear where said road is to Commence "at or near the School house" may be at it or within half a mile which would be comparatively near it. 6th Because said road if opened will be a great damage to many of the petitioners for a Review and others and the claims for damages will be numerous and large the amount of damages will be greater than any advantage that said road will be to the public 7th Because the proceedings orders View survey and review of said road are illegal informal and erroneous Therefore Your petitioners pray that they may Set aside and annulled and that the petitioners for said road may be required to pay costs &c John Woods Attorney for Curtis Pecock Culley and others who petitioned for Review. A petition was presented in the words following to wit:

To the Honorable the Board of Commissioners of the County of Butler in the State of Ohio.

Your petitioners in the County of Butler in the State of Ohio respectfully that the true course of that portion of the County road which leads from the turnpike road leading from Rossville to Dartown to the turnpike road leading from Venice to Oxford on the line between section twenty four and twenty five twenty three and twenty six, twenty two and twenty seven, twenty one and twenty Eight twenty and twenty nine in Hanover Township Butler County Ohio, which lies between the North east corner of said section number twenty five and the North West corner of the same section has become uncertain. They thereupon pray your Honorable Board to appoint three disinterested land holders of the County to review and straighten so much of said road as lies between the North East corner of said section number twenty five, and the South west corner thereof as aforesaid Under the provisions of the 8th section of the Act of opening and regulating roads and highways so that said road shall run and be established on the original section line and not upon any line that may have been surveyed and established since said County road was established. in February 1844 Jeremy Beaty Joshua Delapelaine D O Connor I L Garvel Daniel Beaver John Wood Andrew Curtis James Rossman L D Campbell

The Commissioners being satisfied that the requisitions of the law had been complied with on part of the petitioners, and the Bond of L D Campbell and John Woods having been Executed according to law the following order was issued in these words to wit;

The State of Ohio Butler County ss
Board of Commissioners March Term 1844

Whereas application hath been made by Jeremiah Beaty and others under the Eighth Section of the Statute of the State of Ohio in such case made and provided praying for the appointment of three judicious disinterested Land holders of the Vicinity for the purpose of ascertaining the true course of a County road Commencing in the Hamilton Rossville Dartown and Fairhaven turnpike at or near the North East corner of Section twenty five Town four Range two east of the Meridian drawn from the mouth of the Great Miami River thence running West on the section line between sections twenty five and twenty four to the North West corner of said section twenty five (25)

It is therefore ordered by the Board of Commissioners that James M'Bride Thomas Lemmond and George W Bigham be Viewers and B F Raleigh be Surveyor to meet at the office of Richard Easton Esqr in the Town of Hamilton on Friday the twenty ninth day of March instant or within five days thereafter and after being duly Sworn or affirmed as the law directs shall proceed to ascertain mark and monument throughout the true course of said Road between the points above named, and a true report in writing Make of the same to the Auditor of said County of Butler on or before the first Monday of June next ensuing according to the Statutes of the State of Ohio in such case made and provided

To the Honorable the Board of Commissioners for the County of Butler in the State of Ohio at their June session one thousand right hundred and forty four.

We James McBride George R Bigham and Thomas Sinnard disinterested land holders of the said County of Butler, being appointed by Your Honorable Board at your March session one thousand eight hundred and forty four in pursuance of the thirty eighth section of the Statute of the State of Ohio entitled an "Act for opening and regulating roads and highways" for the purpose of Ascertaining the place of Beginning and true course of a certain County road "Commencing in the Hamilton Rossville Darrtown and Fairhaven turnpike road at or near the North east corner of section number twenty five in township number four of range two East of the Meridian line drawn from the mouth of the Great Miami River; thence running West on the section line between sections twenty five and twenty four to the North West corner of said section twenty five Having met at the Office of Richard Easton Esquire in the Town of Hamilton on Friday the twenty ninth day of March one thousand eight hundred and forty four and being first duly sworn before said Richard Easton a certificate of which oath having been taken is endorsed on your said Order, proceeded to the place of beginning of said road near the residence of James Dreplane on the said turnpike road and being joined to their assistance Benjamin F. Raleigh the Surveyor in said order named and George Keiser and Nicholas Durbin as chain carriers which chain carriers were sworn by B F. Raleigh the Surveyor Commenced the Survey of said road at a stone on the North side of the Turnpike road which Stone had heretofore been placed by Ludwick Betz late County Surveyor for the County of Butler as the North east corner of said section numbered twenty five; Thence ran West on the section line to the half mile corner. The day was rainy & now became so inclement that we could not proceed, adjourned to meet again on the first day of April then next.

April 1st 1844. met pursuant to adjournment Present James McBride George R Bigham and Thomas Sinnard Viewers Benjamin F Raleigh Surveyor George Keiser and Thomas Alloway chain carriers proceeded with the Survey of said road to the point of termination at the North west corner of section twenty five. Whereupon after Consultation and deliberation doubts being entertained by some of the Viewers as to whether the point at which we commenced was the true corner of the section or not; as the line from thence to the North west corner of the same section is not a straight line; It was concluded to procure authentic copies of all the original field notes and other matters which might aid us in determining that question - adjourned to meet again on the 22nd day of May.

May 22. 1844. Viewers met agreeably to adjournment Present James McBride George R Bigham and Thomas Sinnard Viewers. George R Bigham acting as Surveyor Nicholas Durbin and Frederick Devore chain carriers Went to the half mile stake in the South line of said section twenty five which corner we found by the witness trees as entered in the original field notes Thence ran East on the section line which was very distinctly marked in the timber land) until we intersected the range line being the line between ranges two & three

and which point is the South East corner of said section twenty five. From thence we ran north on the east line of said section twenty five Eighty chains (being the distance according to the original field notes) which terminated at a point four links north of the Stone hereafter mentioned set by Mr Bety. In running this mile we would observe that the sight trees and streams of water crossed corresponded exactly with those mentioned in the original field notes.

From the termination of this mile we continued north to the north east corner of section twenty four which we found by the witness trees. The length of the east line of section twenty four according to the original field notes is Eighty chains according to our measure Eighty chains and ten links croping this line are several streams of water as mentioned in the original field notes, these were found to correspond with our measurment, with the exception of one where a difference was found

The North west corner of the said section twenty five is established by the witness trees, The half mile corner on the north line of section twenty five is also found by a witness tree. A line running from the North west corner of the section to the half mile corner and continued in the same direction will intersect the east line of the section Seventy five links South of the Stone set by Mr. Bety

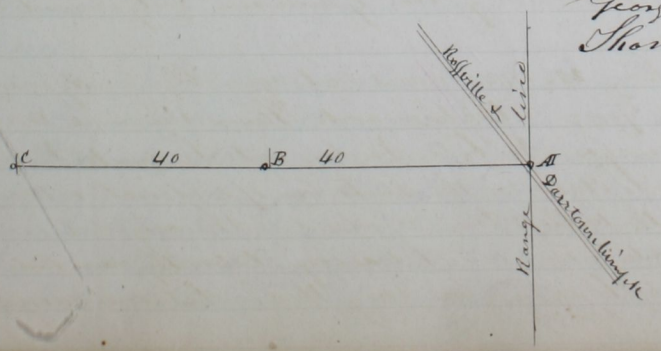

The North West corner of section number thirty in Town two Range three was found by us, the Stumps of both the Witness trees yet remain— according to the original field notes the North East corner of section twenty five is three Chains & Eighty four links South of this corner, this distance we measured Several times. According to the original field notes the Surveyor who ran the line between sections twenty four and twenty five, ran from West to East and on Starting the range line entered in his notes fell Seventy Six links South of the Section corner.

Having made the Survey and measurments herein mentioned and duly considered and examined the premises we have driven into the ground a stake on the range line at the North east corner of section number twenty five, as is our opinion & belief which Stake is two links North of the Stone herein before mentioned set by Mr Bety, and from which Stake the North east corner of a Brick house now owned and occupied by James Delaplume bears S 55 W one chain and seventy three links and a White Elm tree 30 inches diameter bears North one Chain and Eighty three links. This Stake is the Commencement of the Road from which we proceeded to Survey mark and monument the same throughout as follows to wit. From the Stake West on the section line with a Variation of the Compass of 4° 15' variation 40 chains where set a Stake, Thence Same Course 58 links to the half mile corner in a run thence West on the Section with a Variation of 3° 01' W. 39 chains & 42 links one mile. thence Same Course 98 links to the North West corner of the said Section number twenty five The Whole of which will more fully appear by the Map of said road accompanying this report.

The Commissioners being satisfied that due notice had been given and all the requirements of the Statute of the State of Ohio in such case made and provided complied with, and Bond being executed as follows, to wit:

Know all men by these presents that we George Vail and James George all of the County of Butler and State of Ohio are held and firmly bound unto the State of Ohio for the use of the County aforesaid, in the just and full sum of Sixty Dollars Lawful Money of the United States for the payment of which, to be well and truly made, we bind ourselves Jointly and Severally, for and in the whole Sum our and every of our heirs executors and administrators firmly by these presents Sealed with our Seals and dated this Seventh day of of December 1846.

The condition of the above obligation is such, that whereas an application for a County Road hath been made praying for the appointment of three disinterested landholders to view the same on the following rout to wit:

Commencing in the centre of the County Road leading from Rossville to Franklin on the West side of the Miami River South west of Mumma's Still House in Madison Township in said County thence to pass along between said Still House and Mumma Flouring Mill, thence North East or nearly so up along the Meanders of the River or as nearly so as can be, until it intersects the road that leads on to the Bridge across the Miami River at or West of the Town of Middletown.

Now therefore if the said George Vail and James George shall well and truly pay or cause to be paid all costs which may accrue

on said petition or application, then this obligation to be void and of none effect, otherwise to be and remain in full force and virtue in law.

And afterwards at the next meeting of the Board to wit at the (June) Session in the year Eighteen Hundred and Forty Seven, the following remonstrance was presented.

To the Honorable the Commissioners of Butler County State of Ohio.

We the undersigned citizens of the County of Butler living in the Vicinity of the County Road as prayed for in a petition presented to your honourable body at the December Session 1846, commencing in the centre of the County Road leading from Rossville to Franklin on the West side of the Miami South East of Mumma's Brick Still House thence to pass along the meanders of the River or as nearly so as can be until it intersects the road that leads on to the Bridge across the Miami River West of the Town of Middletown &c &c. The undersigned believe that the public interests do not require the opening of the proposed road, that at the proposed commencement of said road a Saw Mill is in course of erection at or near the very spot where said road commences, that the land of one of your petitioners will be very much cut to pieces and damaged, that the termination of the said proposed road being on the Turnpike and near the Bridge, it is believed to be designed for avoiding the Toll Gate on said Bridge and Turnpike and that the damage to private property as well as to the interests of the Turnpike and Bridge companies would more than over balance the advantage to the public and therefore they pray the petition may be dismissed.

And afterward such proceedings were had to Wit. at the December Session 1847 as to issue an Order for the opening of the said proposed Road as set forth and described in the Report of the Viewers and the accompanying plat and Survey of the Surveyor and to establish the same as a public highway forever according to the Statute in such case made and provided.

Record of Roads

New Road leading from Rossville to Millville, commencing at then South end of Third Street in said Rossville - thence to the Township line between Ross and St Clair Townships - thence along said line to said Millville,

Notice is hereby given that a petition will be presented to the Commissioners of Butler County at their next regular Session to lay out and establish a County Road leading from Rossville to Millville in said County on the following route as near as the same may be practicable to wit; Commencing at the South end of third Street in the Town of Rossville, thence running in a straight line so as to be an extension of said third Street across the lands of M. Kueston and into the lands formerly owned by Samuel Dick deceased thence by the nearest and most practicable route to the north Township line of Ross Township - thence along said Township line as near as it may be practicable to said Town of Millville

November 5, 1846 A. Petitioner

Before John Traber Isaac McKinney and John W. Erwin Esquires Commissioners of Butler County Ohio here at Hamilton on the Seventh day of December One Thousand Eight Hundred and Forty Six, a petition was presented in the following words to Wit;

To the Commissioners of Butler County Ohio

We the undersigned freeholders would respectfully pray your honorable body to lay out and establish a County Road leading from Rossville to Millville in the County of Butler on the following route as near as the same may be practicable Viz, Commencing at the South end of third Street in the Town of Rossville - thence in a Straight line so as to be an extension of third Street across the land of M. Kueston, and into the land formerly owned by Samuel Dick deceased - thence by the nearest and most practicable route to the north Township line of Ross Township - thence along said Township line as near as it may be practicable to said Town of Millville.

A Road laid out in accordance with the above described route will shorten the distance between Rossville and Millville by perhaps one Mile at least, will be of easy construction (the route being a very eligible one) and tend greatly to accomodate and benefit persons living in the vicinity and the community generally without operating injuriously upon any one,

Inasmuch as the report of the reviewers of the review above made is signed by only four of the individuals appointed to make said review, the Commissioners declared it illegal and issued an Order for a new review as follows to wit;

The State of Ohio Butler County SS,
Board of Commissioners December Term 1845

Whereas the petition of Samuel Sloyd and others signed by the requisite number of landholders was presented to the Board of Commissioners praying for a review of a County Road described as follows to wit; Commencing at or near the house of John Kinch on the Section line on the Road leading from Hamilton to Harrison, and to run North to the Hickory Chapel thence on said section line as near as practicable so as to intersect the road leading from Millville to Dry-Fork at or near the House of Lot Abrahams,

At the June session of the Board of Commissioners aforesaid a review was granted on said Road, but in consequence of one of said reviewers not signing the Report the proceedings were considered illegal by the Board of Commissioners and another review granted.

It is therefore ordered by the Commissioners aforesaid that James Cochran George Thomas James Beaty James Hughes and Minian Beaty shall be Reviewers of the Road as above described to meet at the office of James Hill Esq in Millville on Friday the Ninth

day of January next ensuing or within five days thereafter and being first duly Sworn or affirmed as the law directs. Shall proceed to review said Road as aforesaid throughout the whole distance, and said Reviewers shall make and sign a report in writing stating their Opinion in favor of or against the establishment of the said road so reviewed as aforesaid, which report shall be delivered to the Auditor of Butler County on or before the first Monday of March next ensuing according to the Statute of the State of Ohio in such cases made and provided.

Notice is hereby given that a petition will be presented to the Commissioners of the County of Butler Ohio at their next regular Session to Vacate that part of the County Road running from Symmes Corner in Fairfield Township, County aforesaid, West to the Miami River which lies between said River and the head Race of Grahams Mill upon the Section line running East and West between Sections Numbered 15 & 16 in Range 2 County & State aforesaid, Oct. 25. 1847.

Before John Graber John W. Erwin and John Weaver Esqrs Commissioners of Butler County Ohio here at Hamilton on the Seventh day of December Eighteen Hundred and Forty Seven a petitions was presented in the following words to wit:

To the Commissioners of Butler County Ohio June Session 1847

Whereas the great Freshet of the Miami River in January last swept over Sections fifteen and Sixteen in Fairfield Township County aforesaid (a part of which lies between the Miami River and the Race of Grahams Mill) carrying off the greater part of the fencing upon said Sections lying between the River and said Race which belongs to James Graham amounting to near Two Hundred of Fillable Land, And whereas the County Road running from the Hamilton and Springdale Turnpike Road West to the Miami River, thence across and west from said River to the Venice Road in Ross Township passes immediately thraugh said Section 15 & 16 or on the line running East and West between the same, requiring (if said Road be kept open) two Strings of Fence to be kept up between the River and said Race a distance of Eighty Rods or upwards. Which fence it will be almost impossible for said Graham (being the owner of the Land upon each side) the freshet having beneft him of so great a portion of his fencing Material) to keep up. Which fences (if said part of said Road is kept open) must be made on the land aforesaid intended for Corn the coming Season remain a commons. And whereas that part of said Road betweeen the River and said Race has been heretofore seldom used except by said Graham or those renting land from him — the River never being fordable and no Ferry ever kept at the point where said road reaches the River and said Road never being opened or kept open from the West side of said River to the aforesaid Venice Road. And whereas the late Freshet so changed the channel of the River at a point a short distance above the junction of said Road and the River where persons heretofore corossed when Travelling said Road if Traveled at all — making it impossible to ford said River at any attainable point from said junction —

Therefor we the undersigned freeholders in the immediate vicinity of said Road or part of said Road Road Respectfully solicit your honors to order or decree that said Road between the River and said Race shall for the present be closed up

The Commissioners having carefully considered the foregoing Petitions together with the remonstrance — and Bond being executed as follows to wit —

Know all men by these presents that we James Graham and M. P. Alston of the County of Butler in the State of Ohio are held and firmly bound unto the State of Ohio for the use of the County of Butler in the just and full sum of Fifty Dollars Lawful money of the United States to be paid to the said County of Butler for which payment to be well and truly to be made we bind ourselves and each of ours for himself for and in the whole Sum, our and every of our heirs executors and administrators firmly by these presents sealed with our seals dated the Sixth day of March in the Year of our Lord One Thousand Eight Hundred and Forty Eight.

The condition of the above obligation is such that Whereas a petition has been presented to the Commissioners of said County by James Graham and others asking the Vacation of that part of a County Road (running from Symmes Corner in Fairfield Township, County aforesaid, West to the Miami River) which lies between said River and the said Race of Grahams Mills upon the Section line running East and West between Sections 15 and 16. T1R2 County and State aforesaid — and whereas a remonstrance has been presented to said Commissioners by Reuben Elkins and others against vacating said part of said Road. Now if the Viewers which may be appointed by said Commissioners to View said Road, shall report in favor of said part of said Road being Vacated and the same accordingly be Vacated, or if they report against, and the same remain open and the said Graham shall pay or cause to be paid, the costs that have and may accrue from the presentation of said petition — then and in either case the above obligation shall be null and void — otherwise remain in full force and Virtue in Law.

To the Commissioners of said County — Gentlemen

We the undersigned Viewers named in the foregoing Order Report to your honors That we are of the opinion after viewing said Road, that the part of the same which lies between the Miami River and the head Race of Graham Mills should be Vacated or closed up for the following reasons to Wit — 1st The River is not Fordable at its junction with said Road nor at any convenient or attainable point either above or below the point at which Road strikes or reaches the Miami River.

2nd There is no Public Road laid out and opened as a continuation of said County Road from and beyond the West side of said River

3rd — That part of said Road between the River and the aforesaid Race can be of no public or general utility until a Road be opened from the West side of said River to the Venice Road in Ross Township, and a Bridge Erected across said River or a ferry Boat permanently established and kept at said place (the River not now being fordable at said point and as we believe never has been and is not likely to be) which is not likely soon if ever to be done the site being an impracticable one for a Bridge

4th — Keeping open said part of said Road would subject James Graham who is the owner of the land upon each side of the same to an inconvenience and expence which we think should not be asked or required of him and which otherwise would be avoided — We therefore are of the opinion that the same should be declared Vacated.

of the within described Road.

In testimony of which I have hereunto set my hand and seal this 17th of May 1847.

To the Commissioners of Butler County Ohio.

Pursuant to the within Order we the undersigned viewers met at Collinsville on Monday the 17th May 1847 being within five days after the day named in the Order and took to our assistance Wm H Irvine and Jacob Beam Chain carriers and David Young Marker and being first duly Sworn, proceeded to view Survey mark and Monument the route throughout agreeably to the within Order, as will be more fully shown by the Surveyors Notes an Plat. We found the ground tolerably good for a road and believe the establishment of a narrow road 30 ft wide would be of public utility to the Township and particularly to many who live immediately on the route. The Township House is on the line and nearly midway of the route, and no public Road to it. The whole distance of the line is now used as a neighborhood Road. These are the reasons why we think a public Road should be granted. But if a wide Road, say above 30 or 33 feet should be opened, we believe private injury would overbalance public utility. The whole distance is through good land or good timber.

Before me personally came Robert Beckett James Beckett and James Peacock Viewers and B.F. Raleigh Surveyor, who were duly sworn to perform the duties required of them by the within order according to Law and the best of their understanding, Given under my hand this 24th day of August 1847.

Fees 800 E.H. Gaston J.P.

The Commissioners having carefully examined the foregoing report at their December Session 1847, to which said Session said report of said Viewers & Plat and Survey of the surveyor was duly returned, found the same to be legal, according to Law, and ordered the same to be approved and confirmed, and that the case be continued till next regular session as the Law require &c

And James B King Matthew Wellivee Amos G Smith and others on the 16th day of December 1847, to wit, at this Session filed a remonstrance against the establishment of said Road in the following Words to wit.

To the Commissioners of Butler County

The subscribers (Freehold) citizens of Reily Township in the County of Butler - would respectfully represent - That whereas certain citizens of said Township have petitioned your honorable body for a change or alteration in the road leading to Lawrenceburgh "commencing at or near the Town of Reily and running South as set forth in said petition - against which the subscribers would respectfully but most earnestly remonstrate - and assign as some of their reasons,

1st. That said road where it now runs has been in use for many years upon which much labor has been expended, and in the opinion of the subscribers (as well as those who orginally laid said Road) occupies as good and probably better ground than would the change as prayed for -

2nd. That some of us residing on the Road have made our improvements with a view to the permanent location of the existing Road, and should the proposed change be made, would be deprived of any Public Highway, and would otherwise sustain great inconvenience and loss, without confering any corresponding benefit upon any other portion of community,

And 3rd. Should the proposed change be made, whilst it might better accomodate a very few who reside on the proposed route (and who have been mainly instrumental in getting up the said petition) it would have no tendency to promote the advantage of the travelling community, but might prove to be a public injury - other reasons might be assigned, but presuming it unnecessary - the subscribers would continue to remonstrate against the change as prayed for. March 1st. 1847.

Before John Graber John McEwin and John Beard Commissioners of Butler County Ohio here at Hamilton on the first Monday (the sixth day) of December 1847 a petition was presented in the following words to wit.

To the Honorable Board of Commissioners of Butler County Ohio.

Your petitioners represent that the convenience of the Public requires the location establishment and opening of a Road in the said County of Butler "Commencing at Elliotts Mills in Milford Township on Four Mile Creek and running down the North Western Bank of said Creek to the division line of Lands owned by Rygor and Morton - thence north along said line to the foot of the hill, thence North East along the foot of the hill to the Oxford and Darrtown Road.

Believing as your petitioners do that the neighbourhood and the public generally would be greatly accomodated without injury to Individuals, we request and pray your honorable body to appoint Suitable persons to view and Survey said route and that you will establish said Road, order the Same to be opened and made a public highway.

And afterward to wit at the June Session 1848 the Commissioners having examined the foregoing Report &c and notice being given that application by Philip Ray would be presented for damages &c the case was continued to the next Session of the Board according to Law.

And afterwards to wit at the December Session 1848 the following application for Damages was presented to wit.

To the County Commissioners of the County of Butler in the State of Ohio.

Your petitioner represents that a petition was filed at the March term 1848 of your Board asking for the establishment of a County Road as follows "Beginning on the Township line between Milford and Wayne Townships Butler County where the Hamilton Rossville Somerville Camden and Eaton crosses said Township line — thence north on said Township line or as near thereto as the ground will admit to the South east corner of

Section 12 Town 5 Range 2 East & there to terminate.

That viewers were appointed by your board and said viewed out and surveyed and the said viewers have reported in favor of the location and establishment of said Road, to June term 1848.

Your petitioner States that said Road as located and surveyed by said viewers runs through the lands of petitioner and does material injury to the same. Your petitioner therefore asks that viewers may be appointed in accordance with the Statute to view the route of said Road through the lands of petitioner and to assess the damages by him sustained in consequence of the location of said Road.

June 5th 1848. Philip Ray

The Commissioners having carefully considered the foregoing report of the viewers and Plat and Survey of the Surveyor, together with the application for damages and deeming the location of said Road of sufficient importance to justify a view of said damages, and the said Philip Ray having executed a Bond according to Law as follows to wit.

Know all men by these present, that we Philip Ray and John Sanderson of the County of Butler in the State of Ohio are held and firmly bound unto the State of Ohio for the use of Butler County in the just and full sum of Sixty Dollars Lawful money of the United States to be paid to the said State of Ohio for the use of Butler County, for which payment well and truly to be made we bind ourselves and each of us for himself, for and in the whole sum, our and every of our Heirs Executors and Administrators firmly by these presents, sealed with our Seals dated this Seventeenth of June in the year of our Lord One Thousand Eight ~~ty~~ Hundred and Forty Eight.

The condition of the above obligation is such. Whereas the above named Philip Ray has filed his application in the Auditors Office to the Commissioners of Butler County Ohio for damages sustained by reason of the location of the following Road. "Beginning on the Township line between Milford and Wayne Townships Butler County Ohio where the Hamilton Rossville Somerville Camden and Eaton Turnpike Road crosses the said Township line - thence north on said Township line or as near thereto as the ground will admit to the South East corner of Section 12 Town 5 Range 2 East. & there to terminate" upon the petition of Philip Brown James Hardin & others. Now therefore if the said Philip Ray shall pay into the Treasury of Butler County the costs and expences which may accrue on said application for damages in case said damages shall not be granted - then this obligation to be void otherwise to remain in full force.

Case afterwards to wit at the March Session 1849 the Commissioners carefully examined the foregoing report, and the case being read on two different days of the Session as the law direct, and a remonstrance being filed at this Session in the following words to wit,

To the Commissioners of Butler County Ohio

Gentlemen: Whereas a public notice has been given that a petition will be presented to your honors at your annual Session or meeting in December next, for the location and establishment of a County Road forty feet wide, Commencing at the North West Corner of Section 20 in Town 2 and Range Three in Fairfield Township thence running South on the line dividing said Section 20 and Section 26 and between Section 19 & 25 in said Three Range & so on until it will intersect the Road leading to West Chester.

Therefore the undersigned freeholders in the vicinity of said Road or of

the route upon which said petition asks the establishment of said Road, ask of your honors not to grant said petitioners, or not to grant said part which asks to locate & establish said Road on the line between said Sections 20 & 26. for the following reasons, first, the public convenience does not require that a public Road should be located on the line between said Sections 20 & 26, 2nd, there is already a Road established through said Section 26, near the route where said petitions ask to establish a County Road which answers the public demands, equally as well as said proposed Road would do, the location of which would greatly distract and injure the undersigned, & thirdly, because the proposed Road is sought to be established or constructed on the line between said Sections 20 & 26 for the benefit & convenience of one or two men exclusively. Vacation of a part of the State Road commonly called the Dayton Road - so much as lies within the Town of Hamilton.

Road Notice

Notice is hereby given that a petition will be presented to the Commissioners of Butler County Ohio at their next Session praying that so much of the State Road may be vacated as lies within the Corporation of the Town of Hamilton between the point where the same diverges from a straight line of Dayton Street extended towards the Canal, and the point where said Road crosses a straight line of Beaton Street extended towards the Canal.

Oct. 30. 1847.

Thanz Petitioners

Before John Drake & John O'Brien and John Reaver Commissioners of Butler County Ohio here at Hamilton on the first Monday being the Sixth day of December 1847. a petition was presented in the following words to wit,

To the Honorable the Commissioners of the County of Butler in the State of Ohio.

Your petitioners respectfully represent that Messrs Bebb & Campbell have agreed to extend Dayton Street ~~in a straight line to Beaton Street~~ in straight line to the Miami Canal on condition that so much of the old line of the Dayton Road which lies East of the East Lots in said Town between said Dayton Street and Beaton Street extended shall be vacated, and they also propose to lay off streets running North and South from Dayton Street to Beaton Street, through their lands when said Streets are extended as aforesaid.

Your petitioners therefore pray your honorable board that, So much of the State Road leading from Hamilton to Dayton may be vacated as lies within the Corporation of the Town of Hamilton between the point where the same diverges from a straight line of Dayton Street extended towards the Canal, and the point where said Road crosses a straight line of Beaton Street extended towards the Canal, and as in duty bound &c. The Commissioners being satisfied that due notice had been given and all the requirement of the Statute in such case, complied with and Bond being executed as follows to wit.

Know all men by these presents that we Lewis D Campbell and Alfred Thomas of the County of Butler in the State of Ohio are held and firmly bound unto the State of Ohio for the use of the County of Butler in the just and full sum

of Sixty Dollars Lawful Money of the United States, to be paid to the said State of Ohio for the use of the said County, for which payment well and truly to be made, we bind ourselves, and each of us for himself for and in the whole sum, and each and every of our heirs executors and administrators, firmly by these presents, sealed with our seals, dated the Sixth day of December in the Year of our Lord One Thousand Eight Hundred and forty Seven.

The condition of the above obligation is such, Whereas a petition has been presented praying that so much of the State Road may be vacated as lies within the Corporation of the Town of Hamilton between the point where the same diverges from a straight line of Dayton Street extended towards the Canal, and the point where said crosses a straight line of Vacation Street extended towards the Canal,

Now therefore if said applicants shall well and truly pay all all costs and expenses accruing on such application in case the same be not granted, or the proceedings had therein finally confirmed and established, then this obligation to be void and made, otherwise to be and remain in full force and virtue in Law

Executed in presence of } L D Campbell (Seal)
A Stokes } Alfred Thomas (Seal)

The Commissioners having carefully examined the proceedings in the above case and finding the same to be correct in all things and according to Law, do order that the same be continued to the next session of this Board.

And Afterwards to wit at the March Session 1848, the Commissioners having carefully considered this cause, did order that the Vacation of said Road as designated by the prayer of the foregoing petitioners, be granted, on the Condition that the said petitioners execute a Bond conditioned for the payment of all costs that might accrue to the County of Butler by reason of the Vacation of said Road, and also to construct a good Road in place of that portion Vacated, And the Commissioners did further order that when the said petitioners have complied with the foregoing conditions and have filed their Bond with the Auditor of the County of Butler then the said Auditor shall record the same, and the same to be declared vacated according to the Statute of the State of Ohio in such case made and provided.

And afterwards to wit on the fifteenth day of August 1849 L D Campbell Esq filed in the Auditors Office the following Bond to wit,

Know all men by these presents, that we Lewis D Campbell and William Webb of the County of Butler in the State of Ohio are held and firmly bound unto the State of Ohio for the use of the County of Butler in the just and full sum of Sixty Dollars Lawful Money of the United States to be paid to the said State of Ohio for the use of the County of Butler, for which payment well and truly to be made, we bind ourselves, and each of us for himself, for and in the whole sum, and each and every of our heirs executors and administrators, firmly by these presents sealed with our seals dated the fifteenth day of August in the Year of our Lord One Thousand Eight Hundred and forty nine

The condition of the above obligation is such, Whereas at the session of the Commissioners of Butler County Ohio of March 1848 the petition of the said Lewis D Campbell and others to vacate a portion of the State Road within the Corporate Limits of the Town of Hamilton, Commonly called the Dayton Road being considered, it was ordered by the said Board of Commissioners

that the vacation prayed for be granted upon condition that said Campbell give Bond for cost that may accrue to the County in consequence of such vacation, and construct a good Road in place of that portion vacated

Now therefore if the said Lewis D Campbell shall pay the cost that may accrue to said County in consequence of said vacation and construct or cause to be constructed a good Road in place of that portion vacated, then this obligation to be void, otherwise to remain in full force and virtue in Law

The following Remonstrance was handed in To Wit

To the Honorable Board of County Commissioners of Butler County The undersigned beg leave humbly to remonstrate against the location and Establishment of a County Road as prayed for in the petition of Abram Shuly and others Commencing at the South West Corner of Section Sixteen in Wayne Township in the Turnpike Road leading from George Jacobys to Eckton thence East on the Section line between Section Sixteen and Twenty one across the Hamilton and Jacksonsburgh Turnpike Road and until it intersects the Dry fork of Elk Creek thence down the Meanders of said Creek the nearest and best route until it intersects the Trenton and Miltonville Turnpike Road on or near David Mails in Madison Township and there to Terminate and for reason of Remonstrance we Show to your Honors 1st that a Road on the proposed route is entirely unnecessary and not required by public convenience but on the Contrary it would occasion a useless waste of the road labour of the district which might be profitably employed Elsewhere 2nd It is entirely impracticable to Construct a good and Substantial Road on the route proposed 3rd It would occasion great inconvenience and injury to the property holders on the said proposed route without producing any corresponding benefit to the public 4th The neighborhood which the Said road proposes to accomodate is already amply provided with roads and highways we therefore ask that your honors May hear the proof these facts to the Satisfaction of your honors and that you may refuse to grant a view of said route or Establish said road

a Remonstrance was handed in which Reads as follows (To Wit)
To the Commissioners of Butler County State of Ohio Whereas a petition will be presented to you for the grant of a County Road to begin on the Hamilton and Springfield Turnpike between Sections Nos 35 & 36 and to Run East between said Sections and those of Nos 29 and 30 and to terminate on the South East Corner of Section 30. We the undersigned do hereby Remonstrate against the Establishing of the said Road and would Respectfully Request your honorable body not to grant the same for the following Reasons = that there is already a road of 30 feet on the same line Established and on Record by virtue of a contract between the immediate land holders awarding to which

the Said Road together with the Bridge across the Canal is to be Kept up forever in due repair the Said Bridge if a County Road Should be granted would then become an additional burthen to the County furthermore the lands on the above Mentioned line are already Sufficiently cut up in Roads and the public would not be in any Shape more benifited by a farther loss of ground and Rails which necessarily would be Sustained by the respective landholders

Said alteration to commence at the west end of Said road on the line between the lands of Jacob and James Taylor and Eastwardly between the Said Taylors land 27 chains and 25 links on Said line thence Eastwardly until it intersects the County Road.- Report that we met at the time and place mentioned in your order and being duly Sworn by Benjamin VanGordon a Justice of the peace who was Sworn by M. R. Shields after he was Sworn and taking to our assistance Mathew R Shields as Surveyor together with Henry Busby and Andrew Carson as chainman and Absolum Dun as marker all of whom were duly Sworn - we proceeded to view and examine the route on which the change is proposed to be made according to the plat herewith returned and after taking into consideration the convenience and inconvenience utility and expense resulting to Individuals as well as to the public that the location would be on as good ground and not be any Inconvenience to the public the distance being less than the present Road that the present road leaves a strip of land belonging to Jacob Taylor on the North Side of the road which cannot be of any use but a loss to him leaving about 1¼ acres of land in a long Narrow Strip- The whole distance being 48 chains and 94 links according to the annexed plat. we therefore of the opinion that the change Should be made according to the within Survey.

Remonstrance January 29th 1849

To the commissioners of Butler County Ohio Myers, hearing that a few of our neighbors have got up a petition calling upon you for a road to run north & south Crossing the three County Roads leading from Stillwells Tavern to Brookville the other leading from Oxford to Brookville the third one leading from Oxford to Rushville Origen of Petitions. It appears that the said Petition was got up by Mr. Rand and a few of his friends without Consulting us the owners of the land they do not near us nor ask us to sign their petition the originator of the Scheme seems to dread our presance a Jacob did his brother Esaus, It appears that the whole sum and total of their desire is to have a road Opened across from Walter Coningtons on the Stillwell and Brookville Road North to Isaac Harkers on the other Road leading from Oxford to Brookville as a matter of Family Convenience therefore we the undersigners give a few reasons for our Remonstrance 1st the petition has signers who live promiscuously over the Township (and perhaps County) who are not interested in said road (2nd) Reason because there is a Township Road open running north from Isaac Harkers Residence north to the Connersville Road two miles in length. 3rd Reason the whole proposed Road would run through a section of country where the farms are mostly small fifty acres and many less being almost or nearly destitute of Rail Timber 4th Reason We believe that the land holders on the route are opposed to it.

3rd Reason We candidly believe that the proposed Road is entirely unnecessary there will be no public travel either North or South. Also we can safely say that there is no family inclosed by us

A few concluding remarks Mr. John Ratliff Daniel Vanness & Robert Riggs the originators of a petition has a Road across which was left open ever since their farms was enclosed. for their own benefit which they want to shut up in order to save their own land Rails labor &c To force a Road ½ mile East crossing where it would damage the owners of the land greatly where we do not need it at all The remonstrance Partly Represents or owns 969 Acres of land the petitioners as near as we can find out 206 Acres therefore we represent more than four Acres to their One.

Sirs
If in your Judgement you should lay a road throug the proposed route wich will go through my farm I consider that it will damage me to the amount of one hundred & fifty dollars from the fact that it will take one row of trees out of my Orchard and it will also spoil my barn Yard besides loosing two acres of land valued at thirty three Dollars per Acre

Sirs. if you locate a road through here I claim damages to the amount of two Hundred Dollars 1st Because it will take from three Acres of land which I consider worth one Hundred Dollars and 2nd Because I will have to make a String of fence three quarters of a mile in length and rail Timber with me is very scarce

To the commissioners of Butler County

Gentlemen } We the undersigned Viewers appointed by your order herewith returned to View a proposed Road Commencing at the point where the South Range line called Ludlows line Crosses the Yankee road leading from Middletown to Chester thence Eastwardly to the Great Miami ~~River~~ Turnpike— Report that after having been duly Sworn by Benj'n Van Gordon a Justice of the peace in and for said County and taking to our assistance Mathew R. Shields as Surveyor together with John Lowry & David Monfort as Chainmen and John Fisher as Marker of all of whom were first duly Sworn we proceed to View Survey Measure & mark the said road throughout the entire route according to the annexed plat of the Survey herewith returned— The ground alonge which the proposed road passes is suitable for a road as it can be made a good road at a very small expense either to the public or to individuals as it passes along the Section line thus injuring individuals much less than passing throug farms.

Record of Roads

We therefore in View of the facts that the proposed road will be of Public as well as private advantage as it will be a convenience to the travelling public in coming from the Yanke road to the Turnpike. And taking into Consideration the Convenience and inconvenience the utility and inutility to the Public as well as to individuals, and the expense of making Said road We report that the Said road ought to be laid out established and opened forty feet wide as a Public Highway —

There is but one place which will require much work to make a good Road and that is where it will cross the rail Road where it will require a Bridge to cross the rail road which will not require but little if any fill as the rail road at this place passes through a Small hill leaving a bank on each side We therefore report that the said Route Should be opened as a public Highway Forty feet wide

Record of Roads

To the Commissioners of Butler County

Gentlemen }

We the undesigned Viewers appointed ~~to View~~ by your Order herewith returned) to view a proposed Change in the County Road leading from Chester to the Miami Canal at a point near McGonigles Lock" Report ~~—~~ that after having ben duly Sworn by James Patchell a Justice of the peace within and for said County and Stateing to our assistance Matthew R. Shields as Surveyor together with Charles Mossbeg and Paul Jones as Chainmen & James Patchell as marker all of whom were first duly Sworn, we proceeded to Survey measure & Mark the Same throughout the entire route, according to the annexed plat of Survey herewith Returned. The ground over which the proposed Road passes is Very Suitable for a Road, much better than the present Road and as it follows the Section line to the Section Corner thence ~~west~~ south along the west line of the Section to the intersection of the old Road with the Section line there being a Convenience to the owners of land.

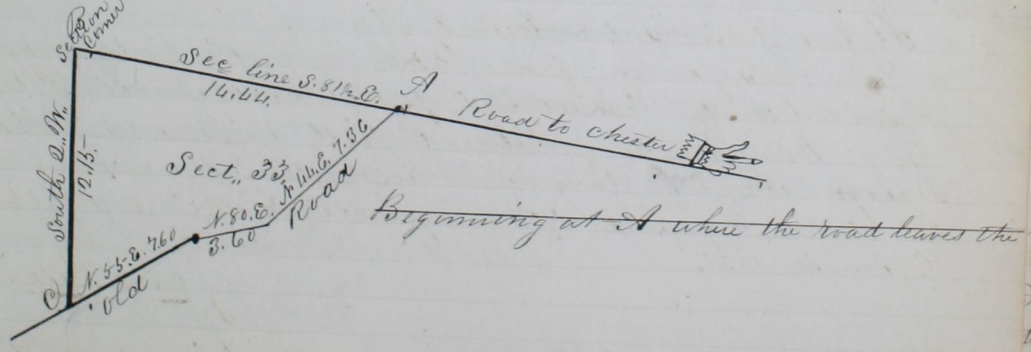

We therefore in View of these facts that a Road can be made with very little Expense to the Public and that the individuals will be benefited by the Change without any inconvenience to the public as the Chang will only increase the distance 8 chains & 3 links and be upon better ground. Therefore taking into View the convenience and inconvenience Utility & inutility to the Public as well as to individuals and the expense of making the road, we therefore Report ~~—~~ that the Same ought to be opened and laid out as a public Highway Forty feet wide

This last Course runs a few feet East of Zeigles House and a few feet East of Samuels Church & East of Grave yard this Route runs through Cultivated Fields and to open a road through there at this time would destroy a great amount of Grain and Improvements as it does not follow the present Road any place in Some places it leaves the Road as much as from 30 to 50 Rods and there is not any one who would permit a Road to be opened on this line as it would do a great Amount of Damage

It would be well for the Commissioners to appoint Viewers to Straiten this Road So as to conform to the present Road as near as practicable as it is Now in a bad Condition for the want of Work and nearly impassable Hands Refusing to work not Knowing where the Route is as laid out by the Viewers in the first Survey. And it Seems to me Very uncertain where the Road is as it was first laid out owing to the Marks being lost and no positive Evidence where it was laid

The Route as run by me runs East of Zeigles House Between the House and Well — and few feet East of the Grave yard at Samuels Church There is Certainly Some Mistake in this as the dwelling was built and occupied

and the Church Swith & Grave yard and previous to the Road being Layed I would Recommend that the Commissioners Appoint Viewers to determine this Road and have it Resurveyed and established as it will Save much trouble & Expense to the Public & to individuals

Gentlemen

We ~~the~~ undersigned having been Appointed by your order herewith Returned to Review and Straighten a Certain Road therein Mentioned Beginning at the South west Corner of Section 16 in Hanover Township thence Southwardly to the Center of Millville We Report that After having been duly Sworn by James Hill a Justice of the peace in and for Butler County and having to our Assistance W. We proceeded to Review Survey Measure & Mark the Said Route throughout the Entire length According to the Annexed plat of the Survey herewith Returned Commencing at the South west Corner of Section 16 of Hanover Township

The Route as now used is almost impassable Owing to fences having been Set in the Road and Changing the Inlet thereby the Road in the Run Making a Curve the Road

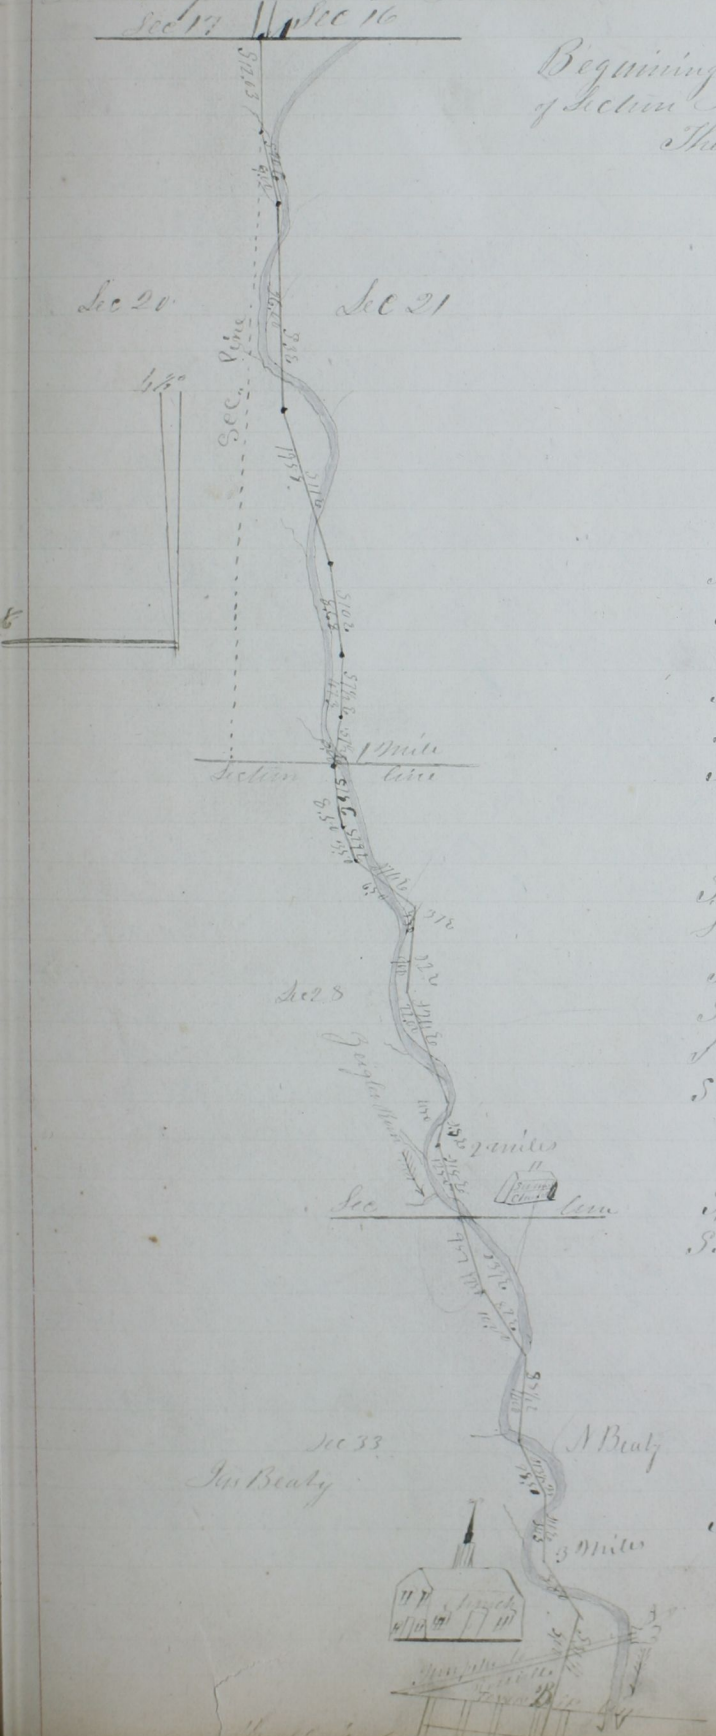

We therefore Report that the Said Road Should be opened on the line as Surveyed at this time Believing that it will Make a much better Road than that now Used and will not injure the Farms through which it passes as much as the present one which is very Crooked thereby Causing much Wood fence to be made than a Straight Road Therefore we recommend that the Route as Now Surveyed be Established as the Road Duly set with

The following is the report of the Viewers in the foregoing Road case

December 17th 1830

To the Commissioners of Butler County

Gentlemen:

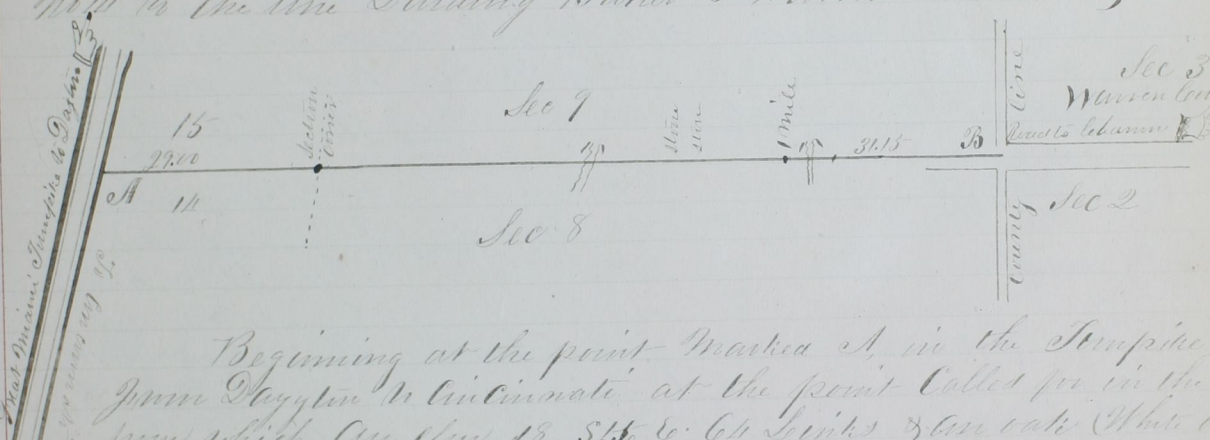

We the undersigned Viewers having been appointed by your Order herewith returned to view a county Road Commencing at a point in the great Miami Turnpike where the north line of Section No 13 No 3 Between the Miami River Crosses the said Road Thence east on the Section line of the dividing Butler and Warren County — Report — That after having been duly Sworn by John McClain a Justice of the peace we did for said County and taking to our assistance Nr R. Shiles as Surveyor together with Jno Clarence & Richard Dills as Chainmen and Samuel Dills as Marker all of whom were first duly Sworn We proceeded to View Survey Measure & Mark the said Road throughout the entire distance According to the annexed plat herewith returned. Beginning at the point called for in the Order. Thence east on the Section line Between Sections No 2 & 13 to the and the east corner of Section No thence east on the line between Section 2 & 9 to the County line Between Butler and Warren County

Board of Roads

The ground on which the proposed Road is from is very suitable being Almost the entire length on level ground and could be made a good Road with very little expense or very little trouble to the owners of land as there is a Lane or open Road from the South east Corner of Section 10 to the County line This road would also connect a County Road on the west Side of the Turnpike with a county Road on the east Side of the County line leading to Lebanon Warren County this making a direct Road from the Turnpike to Lebanon

We therefore taking into view the convenience and inconvenience Public and Individuals along the Said Route & believing the Same would be of public utility Report that the Same ought to be Opened and laid out as a public highway Micajah Slade

The following is the Report of the Viewers in the foregoing Road case

To the Commissioners of Bibb County

Gentlemen

We the undersigned being Appointed by your Order herewith Returned to View a proposed Count. Road Commencing at the Town of Amanda near Dickeys Mill thence Northwardly on the east Side of the Miami Canal to intersect the Yankee Road from Middletown to Chester near the residence of Jno C Dix

We Report that after being duly Sworn by David Heaton a Justice of the peace in and for Bibb County We Adjourned to the 28th day of May the Surveyor Being Sick & on the 28th day of May having to our Assistance M. R. Shields as Surveyor N. C. Conley & B. F. Kimbale as Chainmen & Edward Dunmeyer as Marker All of whom were first duly Sworn according to Law We proceeded to View Survey Measure and Mark the said Route throughout the entire length according to the plat of the Survey herewith Returned Beginning at the point Called Poe in the order thence Northward on the east Side of the Canal to the Yankee Road

Little east of the residence of Jackie C Dix

A good Road Can be made at a Moderate expense on this Route either to the Public or to individuals as there is a track open at this time and a Road is much needed by persons living on this Side of the Canal there not Being any public Road by which to get to and from the Turnpike or to or from Church Mill or Market We therefore taking into consideration the utility and inutility the Convenience & inconvenience & the expense to the public As well as to individuals if the said Road is established and Believing that the advantages Arising from the Road will more than Compensate the Persons for any Damages they may Sustain

We therefore Report that the Same Should be established Laid out and opened as a Public Highway Jurors views

The following is the Report of the Viewers in the foregoing Road Case

To the Commissioners of Butler County O.

Gentlemen

We the undersigned Viewers appointed by your order herewith returned to View a proposed ~~Road~~ Road Commencing at the Southwest Corner of Morgan Township Thence South on the line dividing Ohio from Indiana to the South west Corner of Morgan Township it being the South west Corner of Butler County — Report That After Being duly Sworn by Absalom McKean a Justice of the peace in and for Butler County We Assisted in Consequence of the Surveyor Being Sick) to Work on the 17th day of April And on that day we met by Agreement Philip J Shue Walter Patchen and John Gilson Viewers appointed by the Commissioners of Franklin County Indiana to View the same line and having in our assistance Matthew A Shiles as Surveyor

Record of Road

Reuben Johnson and Joseph Wilson as Chainmen and Wm Soudon as Marker the above named Viewers and Surveyor Chairman and Marker being first duly Sworn According to Law Do proceed to View Survey Measure Mark and Permanent the said Route throughout the entire length — Commencing at the point Called for in the Order Thence S. 67° E. 2,66 Links on the Turnpike to a Stake Thence S 89° N. 2,50 Ch — Thence S 12° E 10 Chains to the State line — This turn from the line is made to Avoid a Steep Bank on the State line Over which it is impracticable to make a Road This Change was also made with the Consent of James Beard the Owner of the Land Thence South on the State line 4, 75 Thence S 15° E. 3,33 Links Thence S 11° E. 8,81 Acres Dry Land Thence S 6° W 11,20 — Thence South 4,30 — Thence S 21° W. 3,30 to the State line Thence S 21° W 1,20 — Thence S 17° E 2,60 upon Bank to the State line This Deviation from the State line was made to Avoid the Improvements of John Dickinson which One Situated on the line and would be very much injured by a Road on the State line — The turn to the west in the Second mile is made to Avoid Cross Run as the State line follows the Run for Some distance The Road is Run on the Bank of the Run from this turn the Road is designed to follow the State line to the South west Corner of the Township County All of which will more fully Appear by the plat of the Survey herewith Returned

A good road can be made on this Route at a Moderate Expense and as it follows the State line for the most of the way will not injure Individuals So much as passing through Improved Lands — a Road is very much needed as there is not any Road Running Parallel with the State line On the Indiana Side the nearest road is about one mile on the Ohio Side the Road from Scipio runs South East for 2 Miles it is then one mile and a quarter from the State line And Continues South for 2 Miles when it again bears South East. So that at the Hamilton Co. line it is near 3 Miles from the State line — And a very Rough Crooked Road — Harrison which is not Five Miles and a half from the South west Corner of the County, is the nearest Market for a great Number along the State line And as a great Amount of Business is done there it Requires that a Road Should be made by which the Farmers Can Convey their Products to a good And Convenient Market with the necessity of travelling Some Miles out of a direct Course There are Roads Cast out on each Side Running East and west which must Stop as Soon as they Come to the State line there not Being any Road on the opposite Side

We therefore Believe that a good Road Can be made on this Route at a moderate Expense that it will not injure any one Through whose land it passes, but be a benefit to the Farmers along the line thereby Affording an Outlet to and from them And that it will be of Great Public Utility And taken in a Consideration the Utility and inutility the Convenience & Inconvenience And the expense to the Public as well as to Individuals of the Same is Slender We Report that the Same Should be established Staked out and opened as a Public Highway Forty feet wide That is So far as the Said Road Follows the State line

to be Twenty feet on each Side and where it leaves the State Line to be Forty feet Wide

Record of Roads

To N. Shiles as Surveyor and Jonas Jones & Abram Sellers as Chairman & George Jones as Marker all of whom were first duly Sworn According to Law we proceeded to said Survey Measure & Mark the Said Route throughout the entire Route Length According to the Survey heretofore Returned Beginning at the Section Corner of Sections 12 & 13 of Riley Township The Change to Begin at A Ogles South East Corner thence South on the Land of N. Jones to A Ogles South Line thence Northeastwardly to the Hamilton Road on the Lands of N. Jones The Road as now Established on Section Lines runs through the Lands of Nicholas Jones Cutting of a Small Lot of Land thereby Causing Considerable expense to him without any Materiale advantage to the public the Road on the Section Line West of the proposed Change is not much used and those Travelling on it Can Reach the Hamilton Road at the Road to as good Corner than to follow the Section Line

We therefore taking into Consideration the utility and inutility the Convenience & inconvenience & the expense to the public as well as to individuals of the Said Change is made and believing that the individuals through whose Lands the Said Road passes will be benefited by the Change and that the advantages arising from the location of the Road will more than Compensate them for any injury they may Sustain the We therefore report that Said Route Should be Established Laid out and Opened as a public Highway Forty feet wide and the Said old Road Should be Changed & Vacated

We the undersigned Viewers Appointed by Your Order herewith Returned to View a Proposed Road Begining Continue Report that after having been duly Sworn According to Law Each having to our assistance M. R. Shilas as Surveyor and Jacob Wike Daniel King as Chainman & G. Smith as Marker all of whom were first duly Sworn According to Law we proceeded to View Survey Measure and Mark the Said Route According to the Annexed Plat of the Survey herewith Returned Beginning at the point called for in the order on the road to Israel Shultz North Westwardly to the Turnpike from Middletown This Route Can be made a good Road and 32 Chains Shorter to the Turnpike than the old Road The new Route from A to the Turnpike from Middletown is 39 Chains 30 Links The Old Road from A to the Turnpike is one mile 10 Chains 38 Links

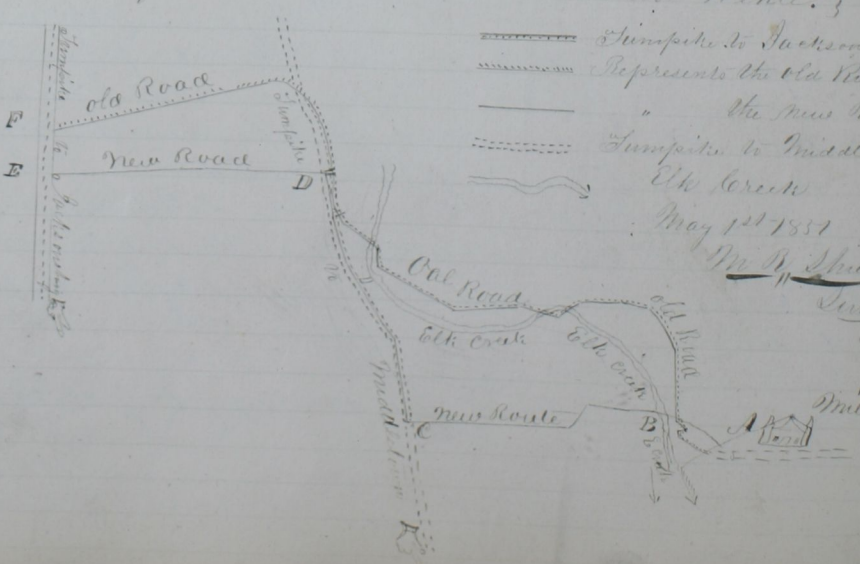

The new Route from the Middletown Turnpike to the Jacksonsburgh Turnpike is 33 Chains 50 Links The difference being 16 Chains 23 Links The old Road Crosses Elk Creek Several times making a very Crooked rough Road and makes the distance to the Turnpike much greater than the new Route,

We therefore believing that the Said new Route would make a much better Road than the present one that the location of it will not injure any of the Farms through which it passes but be a benefit We therefore Report that the Same ought to be Established Said Road Opened As a public Highway Forty feet wide and that the Said old Road Should be Vacated

The following is the report of the Viewers in the foregoing Road Case.

To the Commissioners of Butler County.

Record of Road

Gentlemen

We the undersigned viewers appointed by your Order hereby returned to view a certain route for a proposed Road therein named Report that after being duly Sworn by R.B. Bell a Justice of the peace in and for Butler County and taking to our assistance Wm R Shiles as Surveyor Wm Vincer & Wm Wynn as Chainmen & Thomas Hudson as Marker all of whom were first duly Sworn according to Law by Robt B Bell We proceeded on the 29th day of March 1831 to view Survey Measure and mark the said Route throughout the entire length according to the annexed plat of the Survey herewith returned Beginning at the point Called for in the Order thence South East to avoid the Hill which is impracticable on the Section line Thence North Eastwardly to the Section line Thence East on the Section line to near the Second Dist School House Thence north East to the Oxford Road this line is made to avoid a Steep Bank immediately west of the School House Thence South East leaving the School House a few Rods to the South to the Section line thence East on the Section line Thence East on the Section lines to the Perrel Grave Road

The whole distance Being 3 miles 32 Chains & 10 Links A Road can be made on this route at a small expense Either to the public or to individuals and being on the Section line the most part of the way will not injure but perhaps be a benefit There is not any road for a distance of two miles from the north side of the Thurst running East and west persons living on the East side of Dist No 2 have not any way to get to the School House without going some miles Around either north or South which makes it very inconvenient And those living on the western part of Dist No 1 have not any road by which they can go to the School House

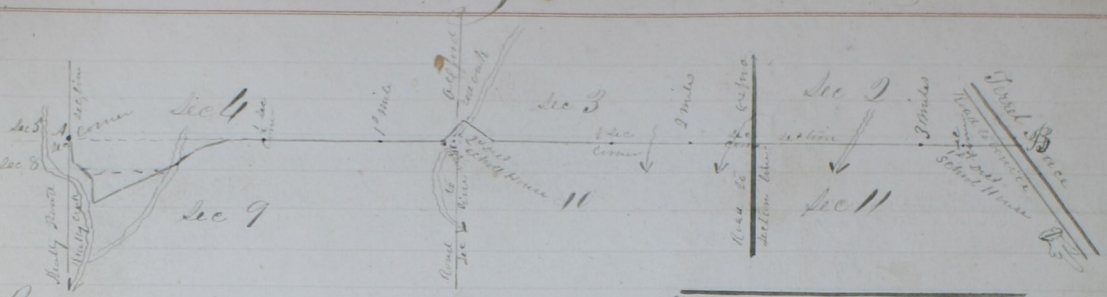

We therefore in view of these facts that a road can be made on this route at a small Expense that it will be a public as well as private convenience And taking into consideration the utility and inutility the convenience and inconvenience and the Expence to the public as well as to individuals do report that the same ought to be established laid out and Opened as a public Highway Dist Dist Viewers

To the Commissioners of Butler County.

Gentlemen

We the undersigned Viewers appointed by your Order herewith returned to View a proposed Road Commencing at the ½ Section Corner between Sections 18 & 19 Three West on the Section line to the State line after being duly Sworn and having to us Associated Wm R Shields as Surveyor. David Harper and John McClain as Chainman and James Jolliffe as Marker all of whom were first duly Sworn According to Law we proceeded to View Survey Measure and Mark the said Route throughout the Entire length Beginning at a point Called for in the Order, Three West between the lands of John Harper and J. C. Bromby Daniel Clark and Samuel Desmond and John McClain and Isaac Pelor to the best View of the Same a good Road Can be made on this Route at a Moderate Expense Either to the public or to Individuals as there is an open lane a portion of the way which must while will have to be kept open for the Convenience of the Inhabitants along this line as there is not any other way by which Some of them Can get to a Road Now there is a Road on the Indiana Side which has been Opened for Some Years. which will intersect this and Open Away by which a Road Can be taught on the Pumpike which is but two and a half Miles from the State line Corner of Section 18 & 19 on the State line making the nearest Road to the Pumpike Therefore taking into Consideration the Utility and Inutility the Convenience and Inconvenience and the Expense to the publick as well as to Individuals and believing that the Advantage Arising from the location of the Road will more than Compensate the Individuals for any Damages they may Sustain We therefore report that the said Route Should be Established laid out and Opened as a public Highway Duly put Into

And afterwards at the same Session 1852 Before the Commissioners of Butler County the following Report of the viewers was laid before the Board

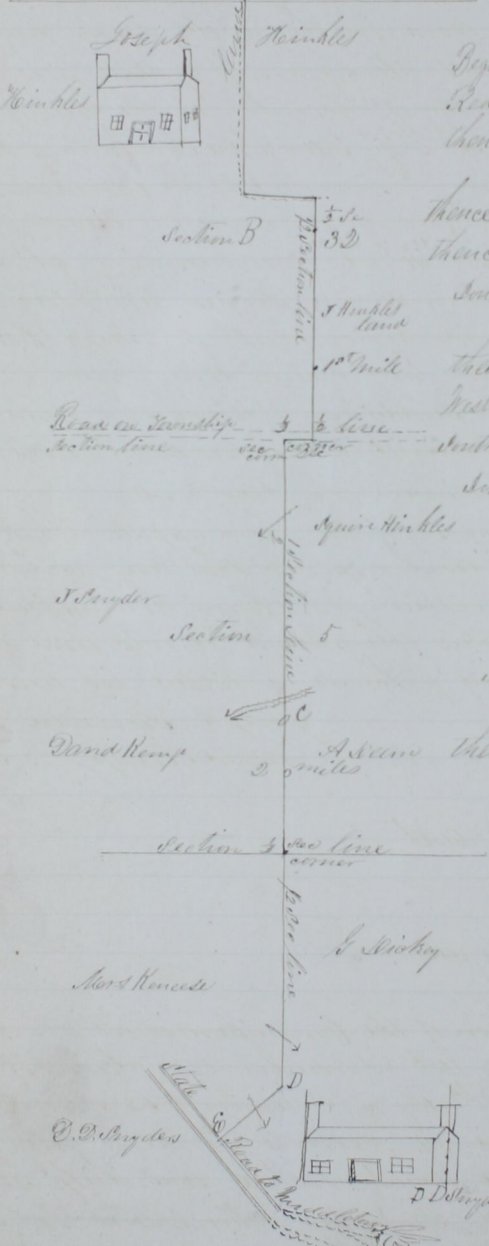

Gentlemen
We the undersigned having been appointed by your order herewith returned to view a certain proposed Road therein described, Report, that after being duly Sworn by Wm. S. Potts a Justice of the Peace in and for Butler County and having to our assistance M.R. Shields as Surveyor and Chas. Francis & Wm. Hinkle as chainmen and David Kemp as marker all of Whom were first duly Sworn, we proceeded to view, Survey, measure and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith returned Beginning at the point called for in the Order & following the course therein named to the Middletown and Winchester State Road near the North west corner of Daniel D. Snyder's land
A good Road can be made on this line at a very small expense either to the Public or to individuals as there is now an open way nearly on this line and a lane for a considerable distance so there will not be much fence to move to make a road a road is much needed running in this direction as there is not any near and the people living along this route have much trouble in going to and returning from Mill or Market, and if this route is opened as a road it will afford a direct road to Middletown which is the nearest market and taking into consideration the utility and inutility the convenience & inconvenience and the expense to the Public as well as to individuals if the same is established and that it will be of great Public utility & private benefit and believing that the advantages will more than compensate the individuals through land it passes for any damages they may sustain We therefore Report that the same ought to be established Laid out and opened as a Public highway forty feet wide

And afterwards at the June Session 1852 Before the Commissioners of Butler County the following Report of the Viewers was laid before the Board

To the Commissioners of Butler County. Gentlemen We the undersigned having been appointed by your order hereunto returned to View a certain proposed Road therein named — Report that after being duly Sworn by James Hill a Justice of the Peace in and for Butler County and having to our assistance Wm R. Shields as Surveyor James Snyder & Charles Cormack as Chainmen & Reily Gordon as Marker all of whom were first duly Sworn we proceeded to View Survey measure & mark the said Route throughout the entire length according to the plat of the Survey herewith returned Beginning at the point called for in the order thence South on the line between Sec. No 1 & 2 to the School House corner of Sec. 1, 2, 11 & 12 thence Southwardly through Sec. 12, 13 & 24 to the Road from New London to Oxford near the residence of J. C. Sims — a good road can be made on this Route at a very moderate expense either to the Public or to individuals as there is an open way almost the whole distance and with a very little additional labor a road can be made

Record of Roads

which will be a great public convenience as there is not any road running North & South nearer than one mile either East or West of this route - and believing that every facility should be afforded to the people at large in going to and returning from Church, Mill or Market and there being a Church near the Beginning of this Road and also one at New London which places of Public Worship would be attended by those living along this line if a good road was made for them to travel to those places & believing that Virtue Morality & Religion are the Safeguards of Society every Encouragement Should be afforded for the promotion of these great ends, this will be the most direct road for those living in this portion of Morgan Township to reach the Turnpike at New London - thereby giving them the Shortest & most direct road to the mills on the Miami River and to Cincinnati Market with the produce of their farms - We therefore taking into consideration the utility & inutility the convenience & inconvenience & the expense to the public as well as to individuals if the Same is opened as a public Road and believing that if opened it will be of great public utility & private benefit and that the advantages will more than compensate the individuals through whose land it passes for any damages they may Sustain - We therefore report that the Said route Should be established laid out & opened as a Public highway forty feet wide

The Commissioners being satisfied that due notice had been given and all the requirements of the Statute in such case made and provided complied with and Bond being executed as follows "To Wit"

Know all men by these Presents That We, Joseph Wadleigh and Wm H. Smith of the county of Butler, in the State of Ohio, are held and firmly bound unto the State of Ohio for the use of Butler County in the just and full sum of Sixty dollars, lawful money of the United States, to be paid to the said State of Ohio for the use of Butler County for which payment well and truly to be made, we bind ourselves, and each of us for himself, for and in the whole sum, our and every of our heirs, executors and administrators, firmly by these presents Sealed with our Seals, dated the 9th day of December in the year of our Lord, one thousand, eight hundred and Sixty two. The Condition of the above obligation is such: Whereas a petition has this day been presented to the Commissioners of Butler County for the location of a County Road Commencing at a point in Oxford Township where the Turnpike Road leading from Oxford to College Corner crosses the Section line between Sections 16 & 21 thence East along said Section line so far as to intersect the Road leading from Oxford to Camden Whence the same crosses the Section line between Sections 14 & 23 or so near said Section line that a good Road can be conveniently constructed

Now therefore if the said petitioners shall well and truly pay or cause to be paid all costs and expenses that may become in consequence of said petition in case the prayer of said petitioners be not finally granted and confirmed then this obligation to be void otherwise to Remain in full force and virtue in law

Gentlemen: You have been appointed by the Commissioners of said county to view the following proposed County Road in Oxford Township "To Wit" Commencing at a point where the Turnpike road leading from Oxford to College Corner crosses the Section line between Sections 21 & 28 Thence east along said Section line so far as to intersect the Road leading from Oxford to Camden Thence the same crosses the Section line between Sections 19 & 23 or so near said Section line that a good Road could be conveniently constructed

You are, therefore, hereby directed to meet at the Office of Peter Sutton in Oxford on the 18th day of January 1853 at 8 O'clock, A. M., or within five days thereafter, and after having been duly Sworn, Proceed to View Survey Measure Mark and Monument said proposed Road throughout the entire distance and of your Report make due Return to this office, And also to Assess and determine the damages Sustained by any person through whose premises said road is proposed to be established. Along with the proceedings had upon said View, also at the same time return such a statement of damages to this office. Fail not under the penalties of the law.

And afterwards at the March Session 1853 Before the Commissioners of Butler County the following Report of the Viewers was laid before the Board

To the Commissioners of Butler County We the undersigned having been appointed by your order herewith returned, to view a certain proposed road therein named Report that after being duly Sworn by Peter Sutton and having to our assistance M. R. Shields as Surveyor & Henry Starr & John Kenwood as Chainmen & Francis Doty as Marker all of Whom were duly Sworn we proceeded to View Survey measure and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith Returned a good road can be made at a moderate expense to the Public as to individuals as there is an open way along the line the greater part of the distance and a road is much needed for the convenience of the public in passing East and West from the Turnpike to the Fairhaven road as there is not any way to pass from one road to the other for a distance of near three miles North of Oxford And taking into Consideration the utility and inutility the Convenience and inconvenience and the expense to the Public as well as to individuals if the same is located and believing that if it is established it will be of great convenience to the Public as well as to individuals and that the benefits arising from the road will more than compensate the individuals through whose land it passes for any damages they may sustain We therefore report that the same should be established laid out and opened as a public highway Sixty feet wide.

Alteration in the road leading from Darlton to Mrs Purrington's on the Colerain Pike by way of W. Elliotts Mills on Four Mile Creek in Milford Township

Notice

There will be a petion presented to the County Commissioners of Butler county at their next regular Sitting in Hamilton, on the first Monday in June, praying for alterations in the road leading from Darlton to Mrs Purrington's on the Colerain Pike, by way of W. Elliotts Mills on Four Mile Creek, in Milford Township. Butler county, Ohio Viz: where it crosses the Creek at Bryants Mill, instead of turning up the Creek and going around the barn, that it cross the Creek below the barn, and thence easterly in as Straight a line as practicable, to where the road now crosses the line between Elliotts & Bryants lands, and on the part of the road leading from Elliotts Mills to Darlton, where it was laid to follow the line north, between Ryger & Morton to the foot of the hill, and thence northeast to the road. That it be laid out as it is now opened along the North Side of Morton's orchard until near the house, thence north to the Old Darlton road.

Before G. Weaver D. W. Sohn & C. Wright Commissioners of Butler County Ohio at the June Session 1853 the following Petion was laid before the Board which reads as follows "to Wit"

To the Honorable Board of Commissioners of Butler County to meet in Hamilton on the first monday of June 1853 We the undersigned petitioners would respectfully represent that alterations in the road leading from Darlton to Mrs Purringtons on the Colerain Pike by way of W. Elliotts Mills on four mile creek in Milford Township would be an advantage to the public by placing the road on better ground in both instances asked for and also suit the farms better through which the road passes it in one place shortens and Straitens it considerably and in the other lengthen it very little viz where the Road crosses the creek at Bryants Mill instead of turning up the Creek and going round above the barn that it be altered so as to go nearly square across the creek below the barn and thence in an Easterly direction as Straight a line as practicable to where it now crosses the line between Elliotts and Bryants lands, and on the end of the road between Elliotts Mills and Darlton where it was laid to follow the line north between Ryger and Morton to the foot of the hill and thence northeast along the foot of the hill to the Darlton road that it be laid out as it is now opened, along the North Side of Mortons orchard until near the house thence north along the lane to the old Darlton road believing as your petitioners do that the proposed alterations would be a great advantage to the Public who

And afterwards at the June Session 1853 of the Commissioners of Butler County the following Report of the viewers was laid before the Board "To Wit"

To the Commissioners of Butler County,

Gentlemen

We the undersigned having been appointed by your order herewith returned to view certain proposed road therein described and after being duly Sworn according to law by James L. Chambers a Justice of the Peace within and for said county we proceeded to view, survey measure and mark the said route throughout the entire length according to the annexed plat of the Survey herewith returned. Beginning at the point called for in the order thence East until it intersects the road leading from Hueston Mill to Collinsville. In our opinion a good road can be made at a very moderate expense either to the public or to individuals as there is now an open lane almost the entire length. A road is much needed for the convenience of persons living along the line of this route as this is the most convenient way to pass either to Church to Mill or to Market or the Distillery situated in Darrtown where a considerable amount of grain is consumed thus affording a more direct route to procure the necessaries comforts and conveniencies of life and affording a more direct communication with citizens of the town so as to have social intercourse with the polite and refined community by which they are surrounded thus elevating their moral and social condition and believing that a road would be of great public utility and private benefit and taking into consideration the utility and inutility the convenience and inconvenience and the expense to the public as well as to individuals if the same is opened and believing that the advantages will more than compensate the individuals through lands it passes for any damages they may sustain we therefore report that the said route should be established laid out and opened as a Public highway Forty feet wide. We have not made any allowance for damages as there was not any claims presented.

Gentlemen

We the undersigned having been appointed (by your order herewith returned) to View a certain proposed road therein named report that after being duly Sworn by P. P. Asa Fourrette a Justice of the Peace in and for Butler County and having to our assistance M. R. Shields as Surveyor & Lewis Emmons & John Slaker as Chainmen and Andrew Alderman as Marker all of whom were first duly Sworn according to law — We Proceeded to View Survey Measure and Mark the said proposed Route throughout the entire length according to the Plat of the Survey herewith returned, Beginning at the point called for in the order thence South through the said Section to the South line. The Ground along this route is suitable for a Road as there is a road opened at this time on the line and a very little expense will be necessary to make it the required width for a County Road, a Road on this line will be a great Public & private benefit & convenience as there is not any road running North & South between the Hamilton road and Seegers Creek a distance of More than two Miles We therefore taking into Consideration the utility and inutility the convenience & inconvenience and the expense to the public as well as to individuals if the said route is opened And believing that the advantages will more than compensate the individuals through whose land it passes for any damages they may sustain We therefore report that the said route should be established laid out and opened as a Public highway forty feet wide

We the undersigned having been appointed by your order herewith returned, to view a certain proposed Road therein described, and after being duly sworn by James Hill a Justice of the Peace in and for said County, and having M. R. Shields as Surveyor and John Blackford and Jonathan Potter as Chainman, and John Hand, marker, all of whom were first duly sworn, we proceeded to view, survey, measure and mark the said route throughout the entire distance, according to the plat of the survey herewith returned. In our opinion a good Road can be made on this route at a moderate expense either to the public or to individuals, a road is very much needed along this line for the convenience of persons passing to or from Church, situated at the Southwest corner of Sec. 7, T. 4., R. 2, East 1, and believing that every facility should be afforded to a community, in the way of opening Roads for their convenience, as Virtue, morality and Religion are the safeguards of Society. We therefore taking into consideration, the convenience and inconvenience, the utility and inutility and the expense to the public as well as to individuals through whose lands it passes, if the same is established, and believing that it will be of Public utility and private benefit, and that the land through which it passes will not be any the less valuable by reason of the location of said Road. We therefore report that the same should be established, laid out and opened as a Public highway thirty feet wide.

Shields as Surveyor and Simeon Shafer & Daniel McNeal as Chainmen, and Tilman Foster as Marker, all of whom were first duly Sworn, we proceeded to view, survey, measure and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith returned, a good road can be made on this route, at a moderate expense either to the public or to individuals, as there is now a lane between the lands of John Witherow and John Smith, and can be made a road with very little labor, as the ground along this this line is level and very good for a public highway. A Road is necessary for the convenience of persons passing from one Road to the other, and this is the most direct and convenient route from one Road to the other, and can be made at a very little expense either to the public or to individuals. And taking into consideration the convenience and inconvenience, the utility and inutility, and the expense to the public as well as to individuals if the same is established, and believing that it will be of public utility and private benefit - We therefore report that the same should be established, laid out, and opened as a Public Highway, thirty feet wide.

Gentlemen, We, the undersigned having been appointed by your Order herewith returned, to view a certain proposed Road, commencing at the South west corner of Sec. 21, T. 3, R. 3, E. thence East on the line between Sections 21 & 28 to the new or Hooker Road, running on the East line of said Sections. And in addition to our duties as Viewers, we have also performed the duties of a Jury to assess and determine the amount of damages that will be sustained by the persons through whose lands the said route passes.

The only persons claiming compensation for the ground through which the said route passes, is John Smith and John Witherow the former of whom owns the West half of Sec. 21 & John Witherow owns the North west part of Sec. 28.

To John Smith we have estimated Thirty Seven dollars and a half, as compensation for Land appropriated to this Road, and for damages sustained by removing his fence.

To John Witherow we have estimated Thirty Seven dollars and a half as compensation for damages sustained by the removal of his fence and for land appropriated to the public use for the said road - and further that the aforesaid premises of John Smith and John Witherow will not be any the less valuable by reason of the establishment of said Road, but in our opinion the value will be increased. And in our opinion if the said route is established as a public highway it will be of sufficient importance to the public to cause a portion of the damages to be paid out of the County Treasury.

Surveyor,

Gentlemen: You have been appointed by the Commissioners of said County, to view the following proposed County Roads, Commencing at the South west corner of fractional Section 25. T. 2, R. 4, East of the meridian line, drawn from the mouth of the Great Miami River, in Butler County, Ohio; Thence due North on the West line of said fractional Section to the point where the Road leading from Miltonville to Middletown crosses the West Section line of said Section and there to terminate. — Also, a Road commencing on the West line of said Section at a point on said line intersected by the division line between the Lands of Michael V. Post and Hugh Long in said Section from thence on said division line due East to the Great Miami River and there to terminate. — Also, so much of the vacation of so much of the Road leading from Miltonville to Middletown as lies in said fractional Section to the road running due north from the residence of Hugh Long; Also, so much of the old Road leading from Trenton to Franklin in Warren County, Ohio, as runs through the lands of Michael V. Post.

You are, therefore, hereby directed to meet at the Office of David Henlow in Middletown on Thursday the 25th day of August 1853, at 8 O'clock, A. M., or within five days thereafter, and, after having been duly sworn, proceed to view, Survey, measure, mark, and monument said proposed roades throughout their entire distance, and report the Width thereof, and of your proceedings make due return to this Office, in accordance with the act regulating Roads, and highways, passed Jany. 27th 1853. And also, to assess and determine the damages sustained by any person through whose premises said Road is proposed to be established, and make separate report, along with the proceedings had upon said view, also, at the same time, return such assessment of damages to this office. The following is the Report of the Viewers in the foregoing Road case "To wit."

To the Commissioners of Butler County.

Gentlemen, We the undersigned having been appointed by your Order (herewith returned), to view a certain proposed Road therein described, as commencing at the South west corner of Section 28, T. 2, R. 4, East, thence North on the line between Sec. 28 & 29 &c., to the Road from Hilltonville to Middletown &c., and after being duly sworn by David Stealon, a Justice of the Peace in and for said County; and having M. R. Shields as Surveyor, and Squier Carroll and Richard Marsh as Chainmen, and Henry Vansickle as marker, all of whom were first duly sworn, we proceeded to view, Survey, measure, and mark the said route throughout the entire distance, according to the annexed plat of the Survey herewith returned. In our opinion the ground on the West line of Sec. 28, and from the North west corner of M. V. Post's land, East to the Road from Trenton to Middletown, (at the point marked D. on the plat,) is not as good for a public Road as the Road now used, and would require a great amount of labor to make it passable owing to the uneven Surface of the ground, a great portion of the distance being through woods, and further that it would increase the distance from Trenton to Middletown, without placing the road on any better ground than that now occupied, and would be a great inconvenience to the travelling public. We also report that so much of the Road as lies East of the Road from Trenton to Middletown, commencing near the residence of Hugh Long, running thence Eastwardly through the lands of Michael V. Post and Hugh Long, in said Sec. 28 to the Miami River, should be vacated and the same to be supplied by a Road, Beginning at the point marked D. on the plat which is a Stake in the Road from Trenton to Middletown and on the line between the lands of M. V. Post and Hugh Long in said Sec. 28, running thence, East on the line between said lands to the Great Miami River at the point Marked E. the distance from the Middletown and Trenton Road to the river is 215 Chains, this

Route

Record of Roads

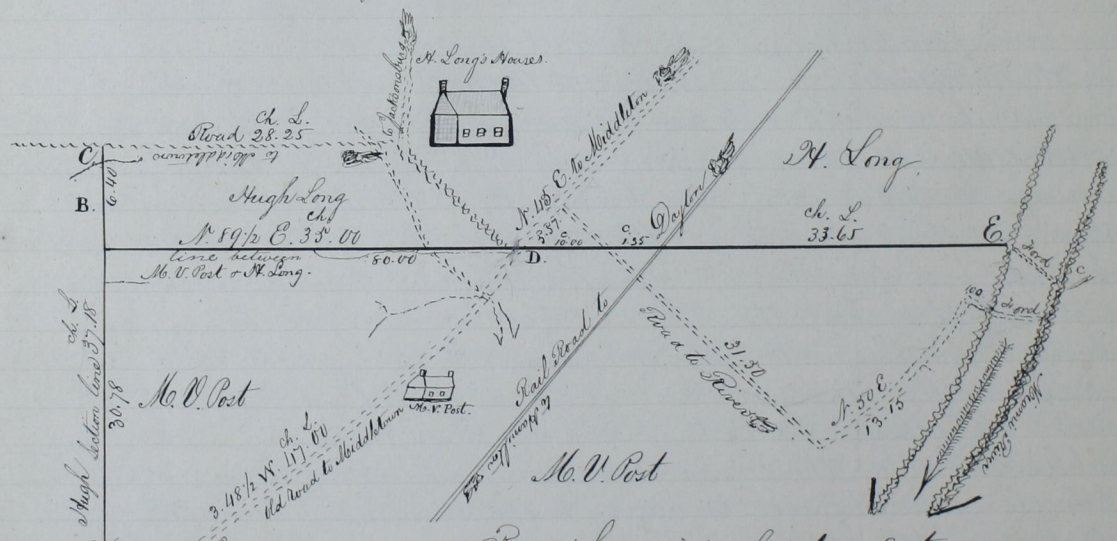

route is more direct and will be on equally as good, if not better ground than the present Road, and will shorten the distance from the river to the said road 25 Rods, and will be of public utility and private benefit. We therefore taking into consideration the utility and inutility, the convenience and inconvenience and the expense to the public as well as to individuals if the same be opened, Report that so much of the Road as lie East of the Trenton and Middletown Road should be vacated, and the same to be supplied by a Road commencing at the point D., on the line between M. V. Post and H. Long to the Miami River and that the said Route should be established, laid out and opened as a public highway forty feet wide, and in our opinion it would be impracticable to vacate any portion of the Middletown and Trenton Road as runs through Sec. 28, or any portion of the Road leading from Miltonville to Middletown in said Sec. 28.

We have not made any estimate for damages as there was not any claim presented, but in our opinion the premises through which it passes will not be any the less Valuable if the aforesaid change should be made

And afterwards, "to wit" at the regular September session 1859, before John Weaver, C. Hughes, Jacob Matthias Esqrs., Commissioners of Butler County, Ohio, the following Report of said Viewers laid before the Board which reads thus:

To the Commissioners of Butler County:

Gentlemen,— We the undersigned having been appointed by your order herewith returned to view a certain proposed Road therein described, to commence in the Road leading from Hamilton to Chester and near the residence house of Mark C. McMaken in Sec. 8, T. 2, R. 2, between the Miami Rivers, and after being duly sworn by James Patchell, a Justice of the peace within and for Butler County, we proceeded to view, survey, measure and mark the said route throughout the entire length according to the plat of the survey herewith returned by M. R. Shields as Surveyor, and Naman Noffsiger and William Stites as Chainmen, all of whom were first duly sworn. In our opinion a good Road can be made along this route, at a moderate expense either to the public or to the individuals through whose lands it passes, as it will make a more direct Road from the Chester road to the Turnpike.

We therefore, taking into consideration the convenience and inconvenience, the utility and inutility, and the expense to the public as well as to individuals if the same is established, and believing that it will be of great public utility and private benefit - We therefore report that the said route should be established, laid out, and opened as a public highway, forty feet wide.

We also report that so much of the old County Road as is between the house of M. C. McMaken, in Sec. 5, T. 2, R. 2. Before John Weaver, C. Hughes and Jacob Matthias, Esqrs., Commissioners of Butler County, Ohio, at their June Session 1853, the following Petition was laid before the Board, which reads as follows, "To wit."

To the Commissioners of Butler County, Ohio: The undersigned Citizens of Oxford and Reily Township in the County of Butler aforesaid, respectfully represent to your Honors that the public convenience does not require the County Road hereinafter described to be of the original width it was laid out to wit, sixty feet wide, but the public convenience will be as well subserved if the said Road is reduced to the width of forty feet, as there is but little except neighborhood travel along said County Road. The said County Road as laid down upon the map of Butler County, Ohio, published in the year 1836 commences at a point on the South boundary line of the town of Oxford, near the line between lots number one and two (1 & 2) in Section twenty seven (27)

Record of Roads.

Thence South to the South boundary of said Lots, thence West a few rods to the line between lots two and three (2 & 3), thence in Section thirty four (34), thence South along said line and the line between lots one and four (1 & 4) to a pond about sixty-five rods from the South boundary of Oxford Township, thence in a South west direction to the north boundary of Riley Township where the same is intersected by the line between the north east and the north west quarters of Section three in said Township of Riley, thence South along said line and the line between the South east and South west quarter of said Section three (3), and the line between the North east and North west quarters of Sections ten, about fifteen or twenty rods from the North boundary of said Section, thence in a South west direction to where said Road intersect a Country Road, running north and south along the section line between sections three and four (3 & 4), and nine and ten in said Township of Riley. The above petition will be presented to the Board of Commissioners for their Action thereon at their next June Session.

The Commissioners being satisfied that due notice had been given, and all the requirements of the Statute in such case made and provided complied with, and a Bond being executed as follows. "To Wit"

Know all men by these presents, That We, Daniel Sortman and E. J. Black of the County of Butler, in the State of Ohio, are held and firmly bound unto the State of Ohio for the use of Butler County in the just and full sum of Sixty dollars, lawful money of the United States to be paid to the said State of Ohio for the use of Butler County, for which payment well and truly to be made, we bind ourselves, and each of us for himself, for and in the whole sum, Our and every of Our heirs, executors and administrators, firmly by these presents, sealed with our Seals, dated the Sixth day of June in the Year of Our Lord, One thousand, eight hundred and fifty three. The condition of the above obligation is such; Whereas, a petition has been presented to the Commissioners of Butler County to reduce the Width of a County Road which reads "Thus" to vacate so much of the County Road as will reduce it to forty-feet in width, said County Road commencing on the South Boundary of the town of Oxford near the line between Lots 1 & 2, in Sec. 27, thence South to the South boundary of said Lots 1 & 2, thence West to the boundary between Lots 2 & 3, in said Sec. 34, thence South along said line and the line between Lots 1 & 2, in said Section to a point about Sixty Rods from the South boundary, thence in a Southwest direction to the North boundary line of Riley Township, to a point where the line between the North east and North west quarter of Section 3, intersects said Township line, thence South along said line and the line between the South east and South west quarters of said Sec. 3, and the North east and North West quarters of Sec. 10, to a point about fifteen or twenty Rods South of the North boundary of said Sec. 10, thence in a South west and West direction to where said Road intersects the County Road running north and South along the Section line between Sections 3 & 4, & 9 & 10 in Riley Township.

Now therefore if the said Boudsman shall well and truly pay or cause to be paid all costs and expense which may accrue in consequence of said petition, in case the prayer of said petitioners be not finally confirmed and established. Then this

The following is the Report of the Viewers in the foregoing Road Case.

To the Commissioners of Butler County.

Gentlemen:— We the undersigned having been appointed by your Order herewith returned to view a certain proposed road therein described, after being duly sworn by Amos Cook, a Justice of the Peace

in and for Butler County, and having to our assistance the Surveyor and Chainmen named in the report of the Survey, all of whom were first duly Sworn according to law, we proceeded to view, Survey, measure, and mark the said proposed route throughout the entire distance according to the annexed plat of the Survey herewith returned.

In our opinion a good road can be made on this route at a moderate expense, either to the public or to the individuals through whose lands it passes, as it will be a more direct road to the Turnpike without crossing the creek, and place the road on as good ground as that now used - and taking into consideration the utility and inutility, the convenience and inconvenience, and the expense to the public as well as to individuals if it is opened, we report that the said route as now surveyed should be established, laid out, and opened as a public highway, thirty feet wide. We also, report, that so much of the County Road as runs from the said Turnpike, Commencing near Samuel Young's house, and running North west through the Lands of Samuel Young, John Hinsey, Howard Young and Elliott Davis, to the Cross Roads near the School House and near the North west corner of Section Ten (10) in said Township, should be vacated.

To the Commissioners of Butler County, Ohio. Gentlemen,

Your Petitioners, the undersigned, Freeholders

of the Township of Fairfield, in the County of Butler and State of Ohio, pray that your Honorable body, shall proceed according to law, to open a County Road forty feet in width, Commencing at the Canal Bridge called "Mennser's Bridge," situate near to the former residence of the said Mennser, in the said Township of Fairfield, and to extend from said Bridge in a West or Westerly direction, on the Section line between Sections numbered thirty five and thirty six, and five and fractional section Section Six, all in Fairfield Township, until the said proposed Road shall intersect the Colerain Road, or Road leading from Hamilton in the direction of Graham's Mills, which intersection will be on the River Bank, near to or adjoining the North West corner of Section five, as will be more fully seen by reference to McBride's map of Butler County - which proposed Road will cross the old Road leading from Hamilton to and through the Heuston Settlement, at a point on the said section line, between section five, and fractional section Six before referred to.

Your Petitioners would beg leave to State that the Road herein proposed, would not only be of much benefit and convenience to the immediate neighborhood of the same, but it would also be of like benefit and convenience to a large portion of the travelling public, as will be readily seen by reference to McBride's map, and to the fact, that said Road as proposed, not only leads from a point on the canal, but it will also, cross both the Turnpike, and the Rail Road.

In Connection with the above proposed Road, your Petitioners would also pray that the Commissioners would cause to be vacated that portion of the Road on the River Bank, leading in the direction of Graham's Mills, which lies between the Road leading in the direction of Heuston's Settlement aforesaid, and the point where the same road proposed to be vacated, would intersect the proposed above prayed for. Your Petitioners, state that if the above Road as prayed for, should be established, there would be no longer a necessity for that part of the last mentioned Road herein proposed to be vacated, as will be more fully seen by reference to the map aforesaid - said Road proposed to be vacated is now being washed by the river and is subject to inundation, whereby it is difficult to Keep the same in repair; all of which difficulties will be obviated by making the change proposed. And afterwards "To Wit" at the Regular June Session 1852, Before John Weaver, John W. Sohn and C. Hughes, Commissioners of Butler County, Ohio, the following Report of said Viewers were laid before the Board, which reads, thus:—

The Commissioners of Butler County;

Gentlemen,

We the undersigned having been appointed by your Order herewith returned to view a proposed Road therein named, Report that after being duly sworn by James Daugherty a Justice of the Peace in and for Butler County, and having to our assistance M. R. Shield as Surveyor, William Dye & John Van De Griff, as Chainmen, and Isaac Peters as marker, all whom were first duly Sworn. We proceeded to view, Survey, measure, and mark the said route throughout the entire length according to the plat of the Survey herewith returned. Beginning at the point called for in the Order, thence Westwardly to the Colerain Road on the Bank of the Great Miami River. The ground along this route is very good for a Road, and can be made a Road with very little expense either to the public or to individuals. A Road is very much needed on this line, as there is not any way by which persons can pass from Road to another, going East or West — there not being any road running East or West between Hamilton and Symmes Corner, being a distance of about four miles. We therefore, taking into consideration, the utility and inutility, and the expense to the public as well as to individuals if the same is opened as a Public Road. We report, that the same ought to be laid out, established and opened as a Public Highway forty feet wide. We have also, assessed the damages which William Dye will sustain at Forty Dollars, and to Mr. Vande Griffe, We have estimated Ten Dollars damages, to Charles L. Weller, Ten Dollars damages.

We also, report that so much of the Road leading from Colerain to Hamilton as lies along the River Bank between the point of intersection of this new route (now returned) and where the Road to Knutson's Settlement strikes the river on Colerain Road ought to be vacated

Record of Roads.

The following Remonstrance in the Campbell Road case was filed in this office which read as follows, "To Wit."

To the Honorable,

The Commissioners of Butler County:

Whereas, a Petition has been presented praying the establishment of a County Road, commencing at the Canal Bridge, called Wombers Bridge, situate near to the former residence of said Wurnser, in the Township of Fairfield, and to extend from said Bridge in a West or Westerly direction on the section line between sections numbers Thirty-five and Thirty-six, and five and fractional Section six, all in Fairfield Township until the said proposed Road shall intersect the Coleraine Road, or Road leading from Hamilton in the direction of "Graham's Mills." We undersigned would respectfully represent that such Road is not demanded by the convenience of the travelling community in general or by the necessities of the neighborhood; that it would prove an accommodation and convenience to a limited number of individuals at a sacrifice and expense of a greater number of persons; that it would operate as a great hardship upon certain landholders whose land to a considerable amount has already been appropriated, without payment of damages therefor, to a Rail Road a Canal and a Turnpike, and that a comparatively short distance of travel between the points named would be saved by the establishment of the proposed Road aforesaid. And therefore your Petitioners pray you to reject the prayer of the Petitioners for the establishment of the above described road, and your Petitioners will ever pray &c.

Auditor's Office, Butler County.
Hamilton, December 7, 1853.

To Micajah Slade
Stephen Scudder (On the part of Butler Co.) } Viewers,
and M. R. Shields, Surveyor.

Gentlemen: You have been appointed by the Commissioners of said County, to view the following proposed County Road, "To Wit." Commencing on the County line between Warren and Butler Counties, Ohio, where the Turnpike leading from Monroe, Lemon Township, to Lebanon, Warren County crosses said County line, thence running North on said County line through the lands of George Longstreet, Hiram McElheavy, dec'd., John Alexander, Elizabeth Alexander, until it reaches the Bank farm, being a distance of about one mile, thence West on said County line between the lands of said John Alexander, and said Bank farm about sixty rods at a point where said County line turns due north, and terminate, being a distance of one mile and a quarter.

You are therefore, hereby directed to meet at the Office of P. P. La Fourrette J. P. in Monroe, Lemon Township, on Thursday 5th of January 1854, at 8 O'Clock, A. M., or within five days thereafter, and after having been duly sworn, proceed to view, Survey, measure, mark and monument said proposed Road, throughout the entire length and of your proceedings make due return to this office, in accordance with the act of 2nd Jan. 1853, relating to Roads & Highways.

And also, to assess and determine the damages sustained by any person through whose premises said Road is proposed to be established, and make Report of damages. Along with the proceedings had upon said view, also, at the same time, return such assessment of damages to this Office. Fail not under the penalties of the law. By order of the Board of Commissioners.

And afterwards, "To wit," at the Regular March Session 1854, before C. Hughes, Jacob Matthias and John M. Cot, Esqrs. Commissioners of Butler County, Ohio, the following Report of said Viewers were laid before the Board which read, as follows:—

To the Commissioners of Butler County, Gentlemen, We, the undersigned having been appointed by your Order herewith returned to view a certain proposed Road therein described, as commencing in the Turnpike from Monroe, to Lebanon, at a point where the said Turnpike crosses the Line between Butler and Warren Counties — thence North on the line between the two Counties, to the North East corner of Section 12, of Township 3, Range 3, between the Miami Rivers, thence West on the said County line, to the South East corner of Sec. 7, of Township 2, Range 4, between the Miami Rivers. And being duly sworn by P. P. La Fourette, a Justice of the Peace in and for said County, and having M. R. Shields as Surveyor, and Alexander Carr and Levi Rich, as Chainmen, and George B. Shepherd as Marker, all of whom were first duly sworn according to law, and in connection with Benjamin Potter and Robert Maxwell, viewers appointed by the Commissioners of Warren County. We proceeded to view, Survey, measure, and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith returned.

A Road can be made on this route at a moderate expense either to the public or to the individuals through whose lands it passes. A Road is much needed along this route for the convenience of persons living in the immediate neighborhood, and for the public convenience as there is not any Public Road within some three miles on the East side of the County line, running North and South, and believing that a Road along this route, would be a great benefit to the persons living along the route, and would be of Public utility, as every convenience should be afforded by the Public to persons wishing to attend Market, Mill, or Church, and as these persons interested in the proposed Road, have not any out-let to a Public Road without passing through the premises of individuals, a mode always inconvenient.

We therefore, taking into, consideration the utility and inutility, the convenience and inconvenience, and the expense to the Public as well as to individuals, if the Same is established, Report that that the said route should be established, laid out and opened as a Public Highway thirty-three feet wide.

George Longstreet, whose premises are situated in the North East corner of Section 11, off T 3, Range 3, between the Miami Rivers. The damages that will be sustained by the said George Longstreet, by reason of the appropriation of a portion of his said premises, and the expense of making and Keeping in repair the fences that will be necessary to enclose his premises, we have estimated at Twenty Dollars.

And in our opinion the said premises will not be any the less valuable by reason of the location of said Road, but that the value thereof will be increased. Given under our hands this 5th day of January 1831.

Before C. Hughes & Jacob Matthias Esqrs. Commissioners of Butler County, Ohio, at their March Session 1854, the following Petition was laid before the Board, which reads as follows, "To Wit."

To the Commissioners of Butler County:

The undersigned freeholders of the County of Butler and residing in the immediate vicinity of that part of the County road called the Hueston Road herein sought to be changed; state, that it would be of great advantage to the travelling public, as well as to the citizens of the immediate neighborhood in which petitioners reside, to change the said County road called the "Hueston Road", as follows. To Wit,

Commencing on the top of the "Big Hill", immediately where the old road now crosses the line between the lands of the late William McDonald and James McDonald in Fairfield Township, thence running on said line to a point which

would be directly west of the South west corner of one hundred and one acre tract of land formerly owned or belonging to Lazarus McNeal, and now occupied by Benjamin F. Fessenden, and from said point running east through James McDonald's field to the line of the old road, called the Hueston road;

The above proposed change is asked for, first, because the road as proposed would run on better ground and the distance would not be increased thereby, when at the same time a less quantity of land blonging to James McDonald, would be occupied by the new road, than now is by the old road as it is now used; Second, The proposed new route of road, would again strike the old road, at a ponte opposite the mouth of a lane, which for many years has been used as a road, leading directly to the Mount Pleasant Pike in the immediate neighborhood; Third, That said proposed change would give a convenient and safe outlet to the citizens of the neighborhood to the pike before mentioned.

The Commissioners being satisfied that due Notice had been given, and all the requirements of the Statute in such cases made and provided, complied with, and Bond being executed as follows, "To Wit"

Know all men by these presents, That We, John M. Blackburn and Thomas Runyan of the County of Butler, in the State of Ohio are held and firmly bound unto the State of Ohio for the use of Butler County in the just and full Sum of Two Hundred Dollars, lawful Money of the United States, to be paid to the said State of Ohio, for the use of Butler County aforesaid, for which payment well and truly to be made, we bind ourselves, and each of us for himself, for and in the whole Sume, our and every of our heirs, executors and administrators, firmly by these presents Sealed with our Seals, dated the Sixth day of March in the year of our Lord, one Thousand, Eight hundred and Fifty four, (1854).

The Condition of the above obligation is such; Whereas a Petition has, at the March Term, praying for the vacation of a County Road, to wit

So much of the County Road commonly Known as the Huston Road in Fairfield Township, Butler County, Ohio, in Sec. 4, Town. 1, Range. 2. as lies South of the following point Commencing in the Southern part of said Section 4. Said point being about 200 yards South of where said Road intersects "Pleasant Run" and where the lands of John M. Blackburn and Hannah Blackburn unite, be vacated. And that the following described Road in lieu of the Road to be vacated, be viewed, opened, and established as follows; Commencing at the point above described and running thence South through John Blackburn's land to the Southern boundary line of said Section No 4, where said proposed Road intersects the Mill Road leading from Symmes Corner to Graham's Mills, and there terminate.

Now therefore if the above named Bondsmen, shall well and truly pay or cause to be paid all costs and expenses that may accrue in Consequence of said Petition, in case the prayer of said Petitioners be not finally granted and confirmed. Then the above obligation

Gentlemen; You have been appointed by the Commissioners of said County to View the following proposed Road; "To Wit";

Commencing at a point about 200 yards South of where the Hueston Road intersects "Pleasant Run". and where the lands of John M. Blackburn and Hannah Blackburn unite, and running thence South through lands of John M. Blackburn to the Southern boundary line of Section four (4). Town one (1). Range two (2) Fairfield Township, where said Road intersects with the Mill Road leading from "Symmes Corner" to Grahams Mills, and there to terminate; Also

To vacate So much of the Road Commonly Known as the Hueston Road in said Fairfield Township, Section 4. Tom. 1. & R. 2. as lies South of the above described point, in the Southern part of said Section four, (4). You are therefore, hereby directed to meet at the Office of James Daugherty J.P. on Friday the Seventh day of April, 1854. at 9 O'Clock A.M. or within five days thereafter, and, after having been duly Sworn, proceed to, View, Survey, measure, mark and monument said proposed Road throughout the entire length; and of your proceedings make due return to this Office on or before the first Monday of June next, in accordance with the Road Law relating to Roads and Highways passed January 27, 1853. And also to assess and determine the damages sustained by any person through whose premises said Road is proposed to be established, and make a Separate Report of damages if any allowed. Along with the proceedings had upon said view, also, at the same time, return such assessment of damages to this Office. Fail not under the penalties of the law.

By order of the Board of Commissioners,
Wm S. Thares Auditor

And afterward, To Wit; At the regular June Session, 1854, before C. Hughes, Jacob Matthias & John M. Cox Esqrs. Commissioners of Butler County, Ohio; the following Report of said Viewers was laid before the Board which reads as follows;—

To the Commissioners of Butler County;

We the undersigned having been appointed by your order, herewith returned, to view a certain proposed County Road therein described— and after being duly Sworn, by James Daugherty a Justice of the Peace within and for said County, and having to our assistance, M. R. Shields, as Surveyor and John Carr and Jacob Piatt Chainmen—, we proceeded to View, Survey, Measure and Mark the said route according to the annexed plat of the Survey herewith returned,

A good Road can be made on this route at a very Moderate expense either to the Public or to individuals, as it will shorten the distance to the Road from Graham's Mills to Symmes' Corner, thereby saving a considerable amount of land to the individuals through whose lands the present Road now runs without increasing the distance to the inconvenience of the travelling Public, We therefore taking into Consideration the utility and inutility and the expense to the public as well as to individuals, Report that the said route should be laid out and opened as a Public Highway, Forty feet wide; and that So much of the old Road as lies South and west of the above described point in Section 4, T. 1. R. 2, Between the Miami Rivers, as runs through the lands of John M Blackburn and Thomas Runyan, Should be vacated.

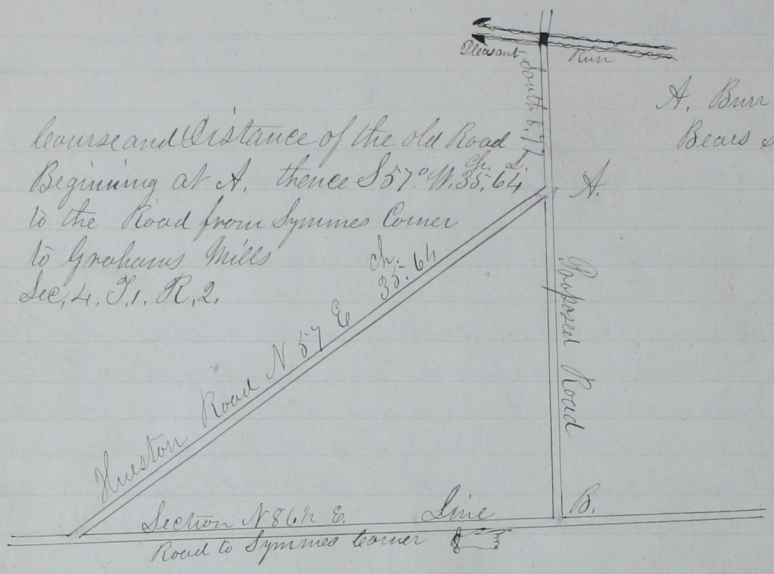

As neither of the parties have presented any Claim for damages; we have not made any allowance for damages.

Given under our hands this 7th day of April 1854.

Road Record

To the Board of Commissioners of the County of Butler in the State of Ohio;

Your Petitioners, Freeholders and Residents of said County of Butler, respectfully represent that a public Road through the Townships of Hanover and Ross, in said County is necessary, and would be to the public utility and convenience if established on the following route, to wit; Commencing in the Elford branch of the Colerain, Elford and Brookville, Turnpike about 1/2 miles north west of Millville, at a point in said Turnpike in the land of Peter Minton and running thence West to the end of the lane through the land of John Emerick, thence through and along the lane through the farm of said John Emerick and of David Rothermel as now used, until it intersects the Section line between Sections No. 31 & 32 in Hanover Township, thence South with said Section line to the South boundary of said Sections, thence west so as to meet the Section line between Sections No. 5 & 6, in Ross Township, thence South with said Section line, between the lands of Thomas Titus and George Thomas in said Section No. 5, and of Jacob Ross, James M Cochran and James VanSice in said Section No. 6, until it meets a Branch of the "Double Sick Run", thence up and along the valley of said Branch until it intersects the County Road leading from Millville to the "Dry Fork by Jenkins' Mill." Commonly known as the "Sew Cut Road" near the residence of the late George Fenton, in Section No. 7 in Ross Township,

Therefore your Petitioners residing in the vicinity of said proposed Road, respectfully request your Board to lay out and establish a County Road on the above described route, and for that purpose you appoint Viewers to view the route of said proposed Roads pursuant to the Statute in such cases made and provided.

The Commissioners being satisfied that due notice had been given; and all the requirements of the Statute in such cases made and provided, Complied with, and Bond being executed as follows, to wit;

Know all men by these presents, That We, D. Rothermel, William R. Cochrans, Robert Moore and S W. Allread of the County of Butler, in the State of Ohio, are held and firmly bound unto the State of Ohio for the use of Butler County, in the just and full Sum of Two Hundred Dollars, lawful money of the United States, to be paid to the said State of Ohio for the use of Butler County aforesaid, for which payment well and truly to be made, we bind ourselves, and each of us for himself, for and in the whole sum, our and every of our heirs, executors and administrators, firmly by these

presents Sealed with our Seals, dated the Fifth day of June, in the year of our Lord, one Thousand, Eight Hundred and Fifty Four.

The Condition of the above obligation is such; Whereas, a Petition has been presented to the Commissioners of Butler County at their June Session, praying for the location of a new County Road on the following route viz; Commencing in the Afford branch of the "Colerain, Afford and Brookville Turnpike", about 1/2 Mile North West of Millville, at a point in said Turnpike on the land of Peter Minton where the neighborhood Road as now used, leaves said Pike, and running thence on the nearest and best route, until it meets the end of the lane through the land of John Emerick — thence through and along the lane of said John Emerick and of David Rotherme until it intersects the Section line between Sections Nos 31 & 32, in Hanover Township — thence South with said Section line to the South boundary of said Sections — thence west until it intersects the Section line between Sections Nos 5 & 6 in Ross Township — thence South with said Section line between the lands of Thomas Titus and George Thomas in said Section No. 5, and of Jacob Ross, James W. Cochran and James VanLien in said Section No. 6, until it meets a Branch of "Double Lick Run" and thence up and along the Valley of said Branch, until it intersects the Road running from "Millville to Very Fork by Jenkins Mill" Commonly Known as the "new cut Road" near the residence of the late George Fenton, in Sec. No. 7 in Ross Township;

Now the condition of the above obligation is such, that if the above named Bondsmen, shall well and truly pay, or cause to be paid, all costs and expenses that may accrue in consequence of said Petition in case the prayer of said Petitioners be not finally granted and confirmed, Then the above obligation to be void, otherwise to be and remain in full force and virtue in law.

To the Commissioners of Butler County;

We the undersigned having been appointed by your order herewith returned, to view a certain proposed Road therein described, and after being duly sworn, we proceeded to view, Survey, measure and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith returned. A Road is much needed on this route for the convenience of persons living along the line as now proposed for a Road; And there is an open way for nearly the whole of the first mile, that is for the entire distance from the Oxford Turnpike to the Millville and Reily Turnpike. A good Road can be made on this route at a moderate expense, either to the Public or to the individuals through whose Land the route passes. And taking into consideration the utility and inutility the convenience and inconvenience, and the expense to the Public as well as to individuals if the said route should be established, and that the farms through which it passes will become more valuable without being injured any at all. And believing that the road when once opened will be of Public utility and private benefit. We therefore Report that the said route should be established, laid out and opened as a Public highway thirty feet wide.

We have not made any assessment for damages because there was not any claim presented.

Shields as Surveyor and John Conover & Jacob Burch as Chainmen and James Middleton as Marker, all of whom were first duly sworn, we proceeded to View, Survey, measure and mark the said route throughout the entire distance according to the annexed plat of the Survey herewith Returned —. A Good Road can be made on this Route at a moderate expense, either to the public or to (the) individuals along the line as there is an open way throughout the entire distance. A Road is needed for the Convenance of persons in passing from one Road to the other running East and West. And taking into consideration the utility and inutility, the convenience and inconvenience, and the expense to the Public as well as to individuals, if the said route is established, We Report that the said route should be established, laid out, and opened as a public highway Thirty feet wide. And as there has not been any written claim for compensation or Damages presented, We have not made any allowance for Damages or compensation to any person along the route.

the proposed route, and as it will Shorten the distance, and place the road on as good ground as that now used, and will in a Short time become a better route for a road, and will be of great private benefit and no material inconvenience to the Public. The road as now used Separates the farm of I. McClelland from the water necessary for Stock, as there are Springs on the East Side of the road as now used, which if the Road is established on the line will leave Stock water in connection with the farm. We therefore taking into consideration the utility and inutility, the convenience and inconvenience and the expense to the public as well as to individuals if the said route Should be changed. Report that the said route should be established Laid out and opened as a public highway Forty feet wide — and that so much of the road as now runs through the Land of Isaac McClelland in Section 36 of Morgan Township, Should be vacated and the route to continue on the line between Morgan and Ross Townships, and between the lands of I. Record of Road

A road can be made on this route at a moderate expense, either to the Public or to Individuals from the fact that the route runs on the Section line until it comes to the towpath of the Warren County Canal, thence on the towpath, and as the Canal is virtually abandoned, it is not as much inconvenience or damage to individuals as it would otherwise be. A Road is very much needed for the convenience of persons living in the immediate neighborhood of the road as there is not any road running East & West for a distance of near two miles:— We therefore taking into Consideration the utility & inutility, the convenience & inconvenience, the expense to the Public as well as to individuals if the same is established— Report that the said route should be established, Laid out & opened as a Public Highway Thirty feet Wide.

The Commissioners being satisfied that due notice had been given and all the requirements of the Statute in such cases made and provided complied with, and Bond being executed as follows, "To Wit"

Know all men by these presents, that We Ezra Britton and George Vanscoyk of the County of Butler, in the State of Ohio, are held and firmly bound unto the State of Ohio for the use of Butler County in the just and full sum of Two Hundred Dollars, lawful money of the United States, to be paid to the said State of Ohio, for the use of Butler County aforesaid, for which payment well and truly to be made, we bind ourselves and each of us for himself, for and in the whole sum, our and every of our heirs, executors and administrators, firmly by these presents sealed with our seals; dated the Fourth day of December in the year of our Lord, one thousand, eight Hundred and fifty four,

The Condition of the above obligation is such; Whereas, a Petition has at the December Session 1854, been presented to the Commissioners of Butler County, praying for the location of a County Road, to commence at a certain Road running along the line known and designated on Cameron and McBride's Map of said County of Butler, as the South range line called Ludlow's line, from the Yankee Road in said County to the Turnpike leading from the City of Cincinnati in Hamilton County, to the City of Dayton in Montgomery County, Ohio, at a point on said road, where a lane running through the farms now owned by George Vanscoyk and Ezra Britton said farms being in Section Eighteen of Lemon Township, Butler County aforesaid, intersects said Road; thence southwardly through said farms, until it intersects the North boundary line of the farm now owned by David Montfort, at a point distant about thirty five rods, from the north east corner of the south west quarter of said Section Eighteen; thence in a South eastern direction until it intersects the east boundary line of said quarter Section; thence running South along the said east boundary line until it enters the Turnpike road leading from the town of Hamilton in said Butler County, through the town of Monroe also, in said County to the town of Lebanon, in Warren County, in said State of Ohio, said Road to be about one mile in length.

Now, therefore, if the above named Bondsmen, shall well and truly pay or cause to be paid all costs and expenses that may accrue in consequence of said petition, in case the prayer of said petitioners be not finally granted and confirmed,

Then the above obligation to be void, otherwise to be and remain in full force and virtue in law,

To Christopher Hughes, John E. Line, Stephen Sendder } Viewers
and M. K. Shields Surveyor

Gentlemen: You have been appointed by the Commissioners of said County to view the following proposed Road to be opened or established, "To Wit",

Commencing at a certain road running along the line known and designated on Cameron and McBride's Map of said County of Butler as the South Range line called Sendder's line, from the Yankee road in said County to the Turnpike leading from the city of Cincinnati, in Hamilton County, to the City of Dayton, in Montgomery County, Ohio, at a point on said road where a lane running through the farms now owned by George VanSkike and Ezra Britton, (said farms lying in Section Eighteen of Lemon Township Butler County aforesaid) intersects said road; thence southwardly, through said farms until it intersects the north boundary line of the farm now owned by David Monfort, at a point distant about thirty five rods from the North East corner of the South west quarter of said Section Eighteen; thence in a South eastern direction until it intersects the east boundary line of said quarter Section; thence running South along the said east boundary line until it enters the Turnpike road leading from the Town of Hamilton in said Butler County, through the town of Monroe also in Butler County, to the town of Lebanon in Warren County in said State of Ohio, said road to be about one mile in length,

You are, therefore, hereby directed to meet at the house of Ezra Britton in Lemon Township on Wednesday January 31st 1855 at Nine O'clock, A. M. or within five days thereafter, and, after having been duly sworn, proceed to View Survey, measure, mark and monument said proposed road throughout the entire length, and of your proceedings make due return to this office, on or before the first Monday in March next, in accordance with the law relating to Roads and Highways, passed January 27, 1853.

And also to assess and determine the damages sustained by any person through whose premises said road is proposed to be established.

Along with the proceedings had upon said view, also, at the same time, return such assessment of damages to this office, and make Separate Report of damages if any allowed. Fail not under the penalties of the law.

And afterwards, to wit, at the regular March Session 1855, before Jacob Matthias, John McCoy and John Wakefield Esqrs, Commissioners of Butler County, Ohio, the following report of the Viewers was laid, "To Wit"

To the Commissioners of Butler County,

Gentlemen; We the undersigned having been appointed by your Order herewith returned to view a certain proposed road therein described and after being duly Sworn by M. R. Shields, Surveyor in and for said County - we proceeded to view, Survey, measure and mark the said route according to the annexed plat of the Survey herewith returned, as made by M. R. Shields - as Surveyor and William Robinson and Enos Robinson, as Chainmen and George Vanschuyke as Marker - all of whom were first duly Sworn -

In our opinion a good road can be made on this route at a moderate expense either to the public or to the individuals through whose land the said route passes, and will be of Public utility and private benefit and afford a great convenience to persons passing north and south from the neighborhood of Middletown to Monroe, it being the more direct route to Monroe from the region of Dick's creek - and there not being any road running parallel to this proposed route, for about one mile either east or west. We therefore taking into consideration the utility and inutility, the convenience and inconvenience and the expense to the public or to the individuals along the route; We therefore Report that the said route should be established, laid out and opened as a public highway, Thirty Six feet wide. There not being any legal application for damages for the road, we have not made any allowance for damages to any person through whose land the said route passes.

To the Commissioners of Butler County:

Gentlemen:- We the undersigned having been appointed by your Order herewith returned, to view so much of the Road running up "Indian Creek" from Millville to the town of Reily, and thence to the North West line of Amos G. Smith's land, and to report for or against the vacating the same and after being duly Sworn by M. R. Shields, Surveyor, in and for said County, we proceeded to view the Road the only individual who opposed the Vacation is Henry S. Ross, and for the purposes of ascertaining the location of the old Road, it was necessary to call on M. R. Shields as Surveyor, and J. Baker and H. Elliot as Chainmen, and Survey and measure the said route from Millville, to the West line of J. Ross' land and the North East corner of Henry S. Ross' land. The North East corner of Henry S. Ross' land runs within about 25 Rods of the Reily Turnpike, and the nearest point to the Turnpike by the old Road is about 1100 Rods, and very wet low ground for a Road, and the distance from the North east corner of said Ross' land to the Reily Turnpike, is on a better ground, and a Road can be made at a much less expense either to the public or to the individuals through whose land the said route passes. We therefore, taking into consideration the utility and inutility, the conveyance, and inconvenience, and the expense to the Public as well as to the individuals through whose lands the said route passes - Report that the said old Road, running from Millville up Indian Creek to the town of Reily, and thence to the North west of Amos G. Shields, Surveyor of Butler County, and with M. R. Shields as Surveyor, M. A. Thompson and Silas Stewart as Chainmen, and William Roberts as marker, all of whom were first duly Sworn - We proceeded to review, Survey, measure and mark the said route, throughout the entire distance according to the annexed Plat of the Survey herewith returned - The original monuments of this Road are entirely gone and its precise location so very uncertain, that we have located it on the line between Sections Two and Three, Ten and Eleven. Beginning at the North West corner of Section two, thence South on the line between Sections two and three - thence South on the line between Sections Ten and Eleven, to a point where the Road as formerly located or changed from the land of A. J. McKinstry to the West line of Section Eleven; A good Road can be made on this route at a moderate expense either to the Public or to the individuals along whose land the said Road is proposed to be established, as the present Road is now used almost on the Section line - and taking into consideration the utility and inutility, the conveyance and inconveyance and expense to the public as well as to individuals report that the said route as now Surveyed should be established as the true County Road described in the within order, and that the said Road should be established laid out and opened as a public highway, Forty-five feet wide.

As there has not been any written claim presented, we have not made any allowance for damages. Given under our hands this 13th day of April 1855.

To the Commissioners of Butler County.

Gentlemen,

We the undersigned having been appointed by your Order herewith returned to view a certain proposed Road therein described, and after being duly Sworn by M. R. Shields, Surveyor in and for Said County, and having M. R. Shields as Surveyor, Dana H. Smith and William Davis as Chainmen, and Thomas Davis as marker, all of whom were first duly Sworn; We proceeded to view Survey measure, and mark the Said route throughout the entire distance according to the Annexed Plat of the Survey herewith returned. A Road can be made on this route at a moderate expense either to the Public or to the individuals through whose lands the Said route passes, and as it is on the Section line the Road will not Separate farms and will not damage the Same as if it passed through their land. A Road is very much needed for the convenience of persons living along this route, as Some of them have not any possible way to pass from their farms to Church, Mill or Market, or to attend any other gathering of the people, and as all persons are required to pay taxes on their farms, an outlet should be provided; and this route would afford a convenient Road for persons passing from North to South.

We therefore, taking into consideration the utility and inutility, the convenience and inconvenience, and the Expense to the Public as well as to individuals through whose farm the Said route passes and believing that it will be of Public utility and great private benefit, Report, that the Said route should be established, laid out and opened as a Public highway, Thirty feet wide.

In the Original Survey, this Road called for 60 feet wide, but it has been gradually diminishing through the encroachments of neighbors, and is now narrowed to about 17 feet, which renders the Road almost too narrow and insecure to travel, and cannot be worked by the Supervisor or those interested with any convenience.

The undersigned would respectfully ask your body to issue an Order to the County Surveyor for the purpose of having said Road Resurveyed - commencing at South west corner of Sec. 16, North on the Sec. line to the Oxford Road, as all the marks, monuments &c., in reference to said Road are obliterated

To the Commissioners of Butler County.

Gentlemen:

The undersigned, having been appointed by your Order (herewith returned) to view a certain proposed Road therein described, and after being duly Sworn by Alex. King, Surveyor, in and for Butler County, and having Alexander King, as Surveyor, Abraham Kumler, and Rudolph Shank, as chainmen, and Henry Swoap, as marker, all of whom were first duly Sworn, we proceeded to view, Survey, measure and mark the said route throughout the entire distance, according to the annexed plat of the Survey herewith returned; a road is much needed on this route for the convenience of the Public, and for individuals who are situated along the line of the proposed Road, it will afford a more direct route for persons, going to the Hamilton Mills or Market. A Road can be made on this route at a moderate expense either to the public or to individuals, as there is already an open way for the greater part of the distance, and a little labor rightly applied, would make it a passable Road for persons to meeting, mill or market.

We therefore taking into consideration, the utility and inutility, the conveyance and inconvenience, and the expense to the Public as well as to the individuals, and believing that it will be of public utility and private benefit, and that the lands along the route will not be injured, but, that their value will be increased by the location of said Road; We therefore Report that the said route should be established, laid out, and opened as a Public Highway, Thirty-three feet wide.

June. 20. 1857. Petition & Bond Drawn.

And afterwards, To wit. at the September Session of the Commissioners, 1857. the Report of the Viewers was taken up for action when the following Remonstrance was presented, to wit;

To the Commissioners of Butler County Ohio. Your Petitioners, Citizens of Butler County Ohio, and residents of the immediate vicinity of the County Road as proposed and now before your honorable body by Robert P. Withrow first Petitioned. Said Road running between Section 27 & 28 Range 3, Town 3 Wayne Township, thence Eastwardly through Section 27 & 26 through H. Shiveley's Wood Land to the Jacksonburg & Hamilton Turnpike Road north of Lombardy Poplars & there terminate. Your petitioners remonstrate and are opposed to the location of that part of the road contemplated from the west line of Section 26 Town 3 & Range 3. Extending through H. Shiveley's Woodland to the point of termination in the Hamilton & Jacksonburg Turnpike Road Eastwardly, for the following reasons, first that it is of no public utility nor advantage to the neighborhood and of no use to any one save & except Robert P. Withrow. That this Road run either on the north line or the South line of Henry Shiveley's land Eastwardly to the Pike would be of more general & practical use for the greatest number of neighbors, and at the same time be of great benefit to R. P. Withrow and thereby not cut up and injure the lands of said H. Shiveley and destroying the convenience and utility of said Shiveley's farm.

Your Petitioners therefore respectfully request that said road may not be run through said H. Shiveley's farm, but on either the north or South line of said Shiveley's premises.

Henry Shiveley	Peter Thomas	Benjamin Margerum
Jacob Eckert Jr.	Nathan Daugherty	David Beaver
John Johns	Benjamin Thomas	Thomas Skaggs
Daniel Deeke	John Weaver	Abram Gooft.

Which remonstrance was carefully read and examined by the Commissioners as well as the Report of the Viewers, and the Plat of the Surveyor; together with all the papers and proceedings in relation to the establishing of said Road, and finding the same correct and according to law, and there being no objection to the establishment of a part of said Road, to wit; Commencing on the Section line west of Section 27. R 3 E 3 Wayne Twp. in the Road near the School House and extending thence Eastwardly until it intersects the west line of Section 26. in said Township; Ordered the same Established a high way of the County of Butler Thirty feet wide as set forth in the Report of the Viewers; and directed the Auditor to have the proceedings in the case recorded, and to issue an order to the Superviser of the proper Road District to open the same thirty feet wide as set forth in the Report of the Viewers.

Entered and Orders drawn July 2d 1857.

To the Commissioners of Butler County;

Gentlemen; We the undersigned Viewers appointed by your order herewith returned to view a proposed County Road therein described after being first duly Sworn proceeded with Alex. King as Surveyor Salem Clark, Jeremiah Conn & Henry Weaver as Chainmen, William Inloes & Henry Weaver as Marker all of whom were first duly Sworn according to law to view, survey, measure, mark & monument the proposed route throughout the entire distance according to the plat of the survey herewith returned the whole distance of the route as described in the Order is 32 C. 18 = 4 miles 1. 12 C. The length of the route to the Road leading from Riley to Peoria is 232. 18 = 2 miles - 72 C. 18 links.

A good Road can be made upon this route at a very moderate expense either to the public or to the individuals through whose lands the proposed route passes.

That part of the route that lies north of the Road leading from Riely to Peoria we believe to be not of sufficient public convenience or private utility to establish it as a public highway. But that part of the route which lies south of the Riely & Peoria Road will afford an outlet to those living on the route who now have no outlet.

Believing the south end of the route to be a private benefit as well as public convenience & taking into consideration the utility and inutility, Report that so much of the route which lies between the State Road and Road leading from Riely to Peoria be opened & established a public highway 30 feet wide.

The Commissioners being satisfied that due notice had been given and all the requirements in such case made and provided, complied with, and Bond being executed which reads as follows To wit;

Know all men by these presents, That we William Howard and William McDonald of the County of Butler in the State of Ohio are held and firmly bound unto the State of Ohio for the use of Butler County, in the just and full sum of Two Hundred Dollars lawfulmoney of the United States, to be paid to the said State of Ohio, for the use of Butler County aforesaid for

which payment well and truly to be made and done, we bind ourselves and each of us for himself, for and in the whole sum our and every of our heirs, executors and administrators, firmly by these presents. Sealed with our seals, dated the Seventh day of September, in the year of our Lord one thousand Eight hundred and fifty-seven.

The condition of the above obligation is such; Whereas, a petition has been presented to the Commissioners of Butler County, at their September session 1857, praying for the vacation of that part of the County Road, commonly known as the Princeton Road, and described thus; Commencing in Section three (3) Town one (1) Range two (2) between the Miami Rivers in the land of William and John Howard, at the foot of what is called the "Big Hill," thence South westwardly until it strikes the line separating the lands lately owned by William McDonald and James McDonald, deceased,- thence along said line to where said Road leaves said dividing line and there terminate, in Section two Town and Range aforesaid.

Also to Vacate the following part of same road commencing in South line of John Pottenger's land, being South line of Section two Town and Range aforesaid, and then in Northwardly direction, through lands of said Pottenger and lately owned by the said James McDonald, to where it strikes the road leading East and West through said lands of James McDonald and near his late dwelling.

Now therefore, if the said William Howard shall well and truly pay or cause to be paid all costs and expenses that may accrue in consequence of said Petition, in case the prayer of said Petitioners be not finally granted and confirmed. Then the above obligation is to be void, otherwise to be and remain in full force and virtue in law.

Signed Sealed and
delivered in presence of
D. Butler.
