Good Morning Eric,
Options are always welcomed, after-all I'm still learning new things at every meeting! I'm actually sick today but will be in the office for our board meeting between 10-11am. Would you like me to call you after our meeting or would email communication be okay? I'll be back in the office tomorrow if I don't hear from you today. Stay warm!

Beth Downs

Beth,

Continental is looking at recording their plat prior to construction of apartment buildings.

One of your preliminary plat comments required a compaction report prior to final plat approval.

I'd like to discuss a couple of options with you if you have a minute.

If you can, call me after 2:30. I'm in a MTG until then. If not, Tuesday sometime.

Sincerely,

Eric J. Pottenger
