Eric,
Thank you for the note and pictures.

Not certain when these pictures were taken but we are and have taken care of this very item this morning / afternoon. We have been monitoring and continue to be proactive. We will continue to have this mess as we work and we will continue to clean the shoulder / curb gutter and driveways.

I will tell you that we are receiving unreasonable grief and language from one specific person on the south side of the road.

We will stay on it. Thank you, Tim

Subject: FW: Ham-Mason Road

Tim,

Please see pictures below. We've spoken about keeping Hamilton-Mason Road clean. It appears broom operator is pushing mud & debris onto berm, roadside swale and onto residential driveways. Excess mud is filing road swale and driveway pipes. This material needs to be picked-up and/or removed from driveways and roadside ditch. Pushing (via broom) mud/debris into front yards and driveways is not acceptable. Please gain control over this issue immediately.

Sincerely,
Eric

Eric, here are some of the photos that I received from the homeowner at 6777 Ham-Mason. As you can see the gravel and mud are substantial. Any help would be greatly appreciated.
Thanks,
Rick Plummer
