REQUEST DETAILS

Description

Dirt is being hauled to properties owned by Raymond Reynolds by Journey Trucking from the location adjacent to Taylor St. near the Mall on Liberty Way. Trucks and scrapers are constantly running both east and west on Hamilton Mason Rd. to deliver fill to the Reynolds property. The scrapings are being pushed to the side of the road and have completely ruined my driveway. Additionally, the excess dirt has now filled the storm drain that runs under the driveway and the apron that once permitted access to this property is now a mudhole. This is totally unacceptable conduct. I want it to cease immediately and acceptable repairs made to the driveway. mailbox, storm drain and compensation for car washes for residents and visitors. I do have photos of the measures being used to create this mess.
