standard: Excavation must be at least 5 feet from edge of pavement.

PLEASE CALL: (513) 785-4116 for all inspections.

NOTICE: No construction shall be permitted within the right-of-way limits which will create any objects considered to be massive or otherwise hazardous fixed objects.
NOTICE: TO UTILITY CONTRACTORS: Notify the Utilities Coordinator at the Butler County Engineer's Office (867-5744) at least 24 hours before starting work.
TRAFFIC CONTROL WILL BE STRICTLY ENFORCED in accordance with the Ohio Manual of Uniform Traffic Control Devices and attached Butler County standard drawings.
NOTICE: ADDITIONAL CONDITIONS AND RESTRICTIONS ON BACK

Mail To: Owner

Drawing Number:

D.. PERMIT IS VALID so long as permit holder complies with the following conditions and restrictions:

1. The work performed shall be at no cost to Butler County and the Butler County Engineer assumes no responsibility or liability for the work under this permit.

2. All work shall be done as applicable, in accordance with the State of Ohio Department of Transportation Construction and Materials Specifications, the Ohio Manual of Uniform Traffic Control Devices, and supplemental and special provisions as provided.

3. The Butler County Engineer reserves the right to order the removal, reconstruction, relocation, or repair of any work performed under a permit. The Butler County Engineer reserves the right to correct or remove work, structures, materials, etc. not in compliance with the requirements of this permit. The cost of the aforementioned work shall be reimbursed to the County by the Permit holder.

4. The Butler County Engineer, or his designated representative, may revoke or annul any permit at any time for nonperformance or noncompliance of the conditions set forth by this permit.

5. The County Engineer reserves the right to appoint an inspector over the work.

6. As a provision of the permit, the permit holder shall hold Butler County and the Butler County Engineer harmless and shall defend any and all claims for personal injury and property damages that might be brought as a result of the work described in the permit.

7 If in the execution of the work described in the permit the permit holder or his/her agent(s) damages any public or private property, the permit holder shall take immediate steps to effect repairs or replace the damaged property. Repairs or replacments shall be wholly the responsibility of the permit holder.

8. If the permit holder or his/her agent(s) damage any public utility, the permit holder shall be responsible to notify the appropriate utility immediately and to follow any directives issued by the utility.

9. If, in the opinion of the Butler County Engineer, any public or private property damaged by the permit holder or his/her agent(s) in the execution of the work described in the permit constitutes a clear danger or hazard to the traveling public, the Butler County Engineer may immediately employ all necessary labor and material to correct such danger or hazard. The permit holder shall reimburse Butler County for the incurred cost of all labor and materials.
