TRUSTEES OF ST. CLAIR TOWNSHIP
2449 Jackson Road
Hamilton, OH 45011

(513) 887-0205
FAX (513) 887-6016

October 10, 2019

Teresa,

The Trustees have asked me to seek an opinion or solution from the Engineer's Office about the existing drainage problem on Jackson Road.

The properties involved are:

2070 Jackson Road – Lake Bailey – owner Jessie Von Stein
2072 Jackson Road – Brandenburg's Garage – owner David Brandenburg

Due to the both owners excavating their properties, it has changed the natural water runoff. Now, after a heavy rain the runoff goes onto the roadway with potential to cause hazardous road conditions especially with winter weather approaching.

Considering the road right of way, there is not enough space for a drain pipe to direct the water off of the road.

The Road Supervisor and Trustees needs your help with a solution to this problem. Any suggestions or solutions will be greatly appreciated.

Most Sincerely,
Barb Schick
Administrative Assistant
