

Meeting notes

Date 12-5-06

Purpose: To internally discuss the Bethany Road Improvements for the new Lakota Freshman School

Attendance: Kar Singh, David Quimby, Matt Leoffler, Greg Wilkens

Notes

- ◆ There is a potential development on the south side of Bethany that could help fund the connection to the high school.
 - Development could pay for pavement we would pay for RW
- ◆ Get an accurate ownership map with the potential developments laid out.
- ◆ Get sight distance verification of access road to High school
- ◆ Pushing the entire improvement to the north saves the school approximately 90K.
- ◆ Signal at Bethany
 - Greg wants it installed in 2007
 - Must be able to put in drive in the future.
 - Mast arms
 - Matt to get estimate to liberty township
 - Must be set up to handle realignment of Ameriastops drive.
- ◆ Bethany should be constructed in 2008
- ◆ Project complete by 8/1/06
- ◆ Pavement compositions is 1.5", 1.5", 8"
- ◆ The school has decided to remove the gate to the north of their parcel
- ◆ Connect through to high school first if Bethany has to be closed.
