RE: Jones Road and Preble County Line
Road Agreements

Dear Mr. Krall,

Please find enclosed one copy of the Jones Road Agreement per our conversation earlier today. If you should have any questions please feel free to contact me at 937-456-4600.

Sincerely,

R. Kyle Cross, P.E.
Engineering Technician

Agreement

County of Butler, State of Ohio

County of Preble, State of Ohio

This Agreement is made on the 27th day of December, 2007, by and between Butler County, State of Ohio, herein called Butler County, acting by and through its duly authorized Board of Commissioners, and Preble County, State of Ohio, herein called Preble County, acting by and through its duly authorized Board of Commissioners.

WITNESSETH:

WHEREAS, a 0.700 mile (3,695 feet) portion of Preble County Line Road from 0.127 mile (671 feet) south of the section line separating Madison Township (Ohio) section 31 and Madison Township section 30 (the same point that intersects with Strebee Road) to 0.700 miles (3,695 feet) north of Strebee Road (Ohio), said portion of road being the westerly boundary of Butler County; and

WHEREAS, the same 0.700 mile portion of Preble County Line Road is also the eastern boundary of Preble County; and

WHEREAS, both Butler County and Preble County wish to clarify their relationship and respective responsibilities regarding this section of Preble County Line Road; and

WHEREAS, according to Ohio Revised Code section 307.15, both Butler County and Preble County are acting within the law by clarifying the relationship through a written agreement/contract; and

WHEREAS, for the purposes of this agreement, a "bridge" shall be defined as a structure with a clear span of no less than ten (10) feet; and

WHEREAS, for the purposes of this agreement, a structure with a clear span of less than ten (10) feet shall be defined as a "culvert"; and

WHEREAS, the maintenance responsibilities shall henceforth be divided as follows:

1. Butler County is to maintain Preble County Line Road from Strebee Road to Preblewood Drive. This portion of Preble County Line Road consists of a total of 0.360 miles (1,900 feet) of roadway and right of way.
2. Preble County is to maintain Preble County Line Road from Preblewood Drive to 0.340 miles (1,795 feet) north of Preblewood Drive, said point being on the north boundary of

Butler County, the south boundary of Montgomery County and the east boundary of Preble County. This portion of Preble County Line Road consists of 0.340 miles (1,795 feet) of roadway and right of way.

WHEREAS,

for the purposes of this agreement, maintenance is defined as all routine repairs and general upkeep of the roadway and structures within the right of way, including but not limited to the following list of activities: (1) Roadway sealing and repair/surface treatment; (2) berm work; (3) keeping roadway free of debris; (4) pavement markings where applicable; (5) up to 2" of 448 asphalt resurfacing; (6) replacement of guardrail; (7) minor repair and cleaning of bridge decks, bridge railings, and bridge approaches; (8) minor repair and cleaning of culverts, headwalls, and associated drainage facilities; (9) upkeep of roadside areas so that traffic control devices are not obstructed from view; (10) cleaning and reshaping of ditches; (11) reasonable snow and ice control practices; (12) emergency cleanup of any obstructions within the right of way; (13) repair and replacement of existing traffic control devices as required by the Ohio Manual of Uniform Traffic Control Devices (O.M.U.T.C.D.); and

WHEREAS,

for the purposes of this agreement, an improvement is defined as a change, permanent and fixed – more than mere repair or replacement or restoration – including but not limited to the following list of activities (1) over 2" of asphalt resurfacing; (2) roadway widening; (3) roadway grading – horizontal or vertical realignment of roadway; (4) installation of new culverts, headwalls, or associated drainage facilities; (5) installation of new bridges; (6) replacement of bridge decks, bridge railings, and bridge approaches; (7) signalization of intersections (new installation of traffic signals); and

WHEREAS,

this Agreement involves maintenance alone; and

WHEREAS,

any and all decisions to make improvements ("changes, permanent and fixed") will be made only when such a situation calls for such a change; and

WHEREAS,

said decisions will require the consent and approval of both controlling entities and written agreement of the parties as to the apportionment of costs therefor.

THEREFORE, IT IS MUTUALLY AGREED THAT,

- (1) pursuant to section 307.15 of the Ohio Revised Code, the Butler County Board of Commissioners hereby adopt this Agreement to become effective upon the adoption of the same Agreement by the Preble County, Ohio, Board of Commissioners.
- (2) each entity shall finance and pay for all costs of repairs and maintenance undertaken by them.
- (3) the Butler County Engineer and the Preble County Engineer shall notify each other of any work on Preble County Line Road undertaken by either of them during each year.
- (4) unless otherwise agreed upon, employees and contractors of each entity shall remain solely the responsibility of that entity as to payment, workers' compensation and insurance, and the performing entity shall hold the other entity harmless as to any and all debts and obligations concerning those employees or contractors.
- (5) the performing entity shall be solely responsible for any and all losses, expenses, or litigation costs incurred in connection with work performed by or for that entity.
- (6) in the event that emergency maintenance is required on a portion of Preble County Line Road, the governmental agency made herein responsible for that portion of roadway requiring the maintenance shall be notified of the situation immediately following the discovery of the situation by the other governmental agency.
- (7) either party may terminate this agreement with or without cause by providing at least 90 days written notice thereof to the other party.

IN WITNESS WHEREOF, the parties of this Agreement have set their hands this 24th
day of December, 2007.

PREBLE COUNTY LINE ROAD AGREEMENT

January 3rd, 1988: Agreement between Butler County Commissioner's and Preble County Commissioner's. Madison Township to maintain .70 miles from Strebee Rd. north to the Preble/Montgomery County Line.

November 5th, 2006: Discussion between BCEO & Madison Twp. At the annual Planning Session.

"Madison desires to renegotiate or terminate agreement with Preble County. Culvert work by Madison Twp in the past should have been reimbursable (50%). Repair and resurfacing of the roadway at 50% needed. Break Agreement with Jones Road and Preble Co. Ln. Road into two (2) separate agreements. Denny to set up Preble County after costs estimates are accumulated. Gratis Twp. may also be involved. **(Request to share in resurfacing rejected).**"

November 19, 2007: Preble County Line Road Maintenance Agreement-Signatures forthcoming

"Snow Maintenance will now be split on Preble Co. Ln. Rd. (Preblewood to Strebee)"

December 27, 2007: A Maintenance Agreement is signed between Butler & Preble County Commissioners detailing the responsibilities of both Counties. Madison Twp. will maintain .36 miles from Strebee to Preblewood Dr. This is Township Road-423. Preble County Engineer's Office will maintain .34 miles from Preblewood Dr. to the Preble/Montgomery Line. This is County Road-23 in Preble County.

January 12th, 2026: Clarified with all parties that the 2007 agreement is still in effect. Madison Township still performs all maintenance on TR-423, which is .36 miles of Preble County Line Rd. Between Strebee Rd. and Preblewood Dr. (Snow/Ice Control & Blacktop Resurfacing/Repair). Preble County Engineer's Office Maintains CR-23, which is .34 miles of Preble County Line Rd. from Preblewood Dr. to the Preble/Montgomery County Line. (Blacktop Resurfacing/Repair) (Gratis Twp. Maintains Snow & Ice Control for PCEO).
